

NOTICE OF 2018 ANNUAL MEETING OF
STOCKHOLDERS AND PROXY
STATEMENT

April 9, 2018

Dear Stockholders:

On behalf of your Board of Directors, I want to take this opportunity to invite you to attend our 2018 Annual Meeting of Stockholders. The meeting will be held on Friday, May 25, 2018, at 10:00 A.M., local time, at the JCPenney Home Office, located at 6501 Legacy Drive, Plano, Texas 75024. We will be asking you to vote on and to support several proposals for our Company and it is important that your shares be represented. We urge you to vote your shares via the toll-free telephone number, over the Internet, or by mail, as provided in the enclosed materials.

Our strategic framework continues to be focused on private brands, omnichannel and increasing revenue per customer. We continue to believe that these three pillars provide the foundation for future growth at JCPenney. Under that framework, we have several key initiatives that give us confidence in our ability to achieve our 2018 financial objectives. First is beauty, which is one of the key components of our strategy, particularly with our best-in-class partnership with Sephora. We currently operate Sephora shops in nearly 75% of our stores and expect to open approximately 30 locations in 2018, bringing our total to approximately 670 Sephora shops.

Another key component of our beauty strategy is our salon business. Following a great year of positive sales growth in our salons, we are continuing our rebranding efforts to Salon by InStyle. In 2018, we plan to rebrand and remodel another 100 salons to Salon by InStyle. Fine jewelry is also a key component of our beauty strategy. Our jewelry business is bringing in a newer and younger customer and we believe JCPenney is the only retailer that can offer our customers a total beauty solution combining Sephora, salon and fine jewelry under the same roof. This unique beauty experience cannot be replicated online and magnifies the importance and relevance of our physical stores.

Our home refresh initiatives also continue to provide strong results. We believe we have an unprecedented growth opportunity in this area because over 70% of our customers are home owners and have developed a merchandising assortment including appliances, mattresses, furniture and simple home installs that will help us to compete more effectively in this category.

We also continue to enhance and strategically adjust our apparel offerings to better align with customer preferences. A strategic priority in 2018 will be our continued focus on improving our women's apparel business, particularly active wear, dresses, contemporary, and casual sportswear. These categories offer JCPenney the greatest opportunity for growth in women's. Across all apparel categories, special sizes remain a key focus as we leverage our big and tall and plus size businesses to continue to deliver an improved assortment.

We are committed to becoming a world-class omnichannel retailer. The transition from a company focused primarily on the brick and mortar business to a true omnichannel retailer is evidenced by the increase in our online SKU count by 50% in 2017, with plans to add additional SKUs in 2018. It is also evidenced by the transformation of our mobile app from a 1.5 star rated app with minimal reviews to an over 4.5 star rated app with over 150,000 reviews. Approximately 80% of our stores' existing inventory is eligible for free same-day pickup and 100% of our brick and mortar store network is now being utilized to fulfill online orders.

Our belief is that retailers who offer their customers the best in-store and online choices will win. We know we have additional work to do, but we're encouraged by our progress as a company.

Thank you again for your support. We are excited about the initiatives underway at JCPenney and are optimistic about the prospects for our Company.

Corporate Governance Guidelines

Our Corporate Governance Guidelines (the Guidelines) set forth JCPenney’s primary principles and policies regarding corporate governance, which are the foundation of our commitment to best practices. The Guidelines are reviewed annually by the Corporate Governance Committee and the Board of Directors (the Board). The matters covered by the Guidelines include:

- director responsibilities;
- the size of the Board;
- director independence and minimum qualifications;
- factors to be considered in selecting candidates to serve on the Board;
- the Company’s voting standard for the election of directors;
- director resignations upon change of principal employment or personal circumstances;
- mandatory retirement age for directors;
- directors’ outside directorships and outside audit committee service;
- Board organization, including committees of the Board and the role and responsibilities of the lead independent director;
- policies relating to Board meetings;
- executive sessions for directors;
- ethical principles to be followed by directors;
- policies and procedures for reviewing related person transactions and conflicts of interest;
- claw-back policy on recovery of compensation in the event of a financial restatement;
- the Board’s access to management and independent advisors;
- stockholders’ and other interested parties’ communications to non-employee directors;
- director orientation and continuing education;
- prohibition of loans to directors and executive officers;
- stock ownership goals for directors and members of the Company’s senior management team;
- prohibition on hedging and pledging of Company stock;
- management succession and CEO evaluation; and
- annual self-assessments of the Board and each Board committee.

Board Leadership Structure

Marvin R. Ellison currently serves as both Chairman of the Board and Chief Executive Officer. The non-employee, independent directors of the Board have elected Ronald W. Tysoe, a non-employee, independent director, to serve as Lead Director pursuant to the Company’s Lead Independent Director Policy. Mr. Tysoe’s term expires at the earlier of the close of the 2019 Annual Meeting of Stockholders or at such time as he ceases to be a director, resigns as Lead Director or is replaced as Lead Director

by a majority of the non-employee, independent directors. Specifically, the Company's Lead Independent Director Policy provides that the Lead Director will:

- preside over regular executive sessions of the non-employee, independent members of the Board and at meetings of the Board in the absence of, or upon the request of, the Chairman;
- approve the scheduling of Board meetings as well as the agenda and materials for each Board meeting and executive session of the Board's non-employee, independent directors;
- have the authority to call such other meetings of the non-employee, independent directors as he/she deems necessary;
- meet regularly with the Chairman and CEO and serve as a liaison and supplemental channel of communication between the non-employee, independent directors and the Chairman and CEO;
- communicate with stockholders as appropriate; and
- approve and coordinate the retention of advisors and consultants who report directly to the non-employee, independent members of the Board, except as otherwise required by applicable law or New York Stock Exchange (NYSE) listing standards.

The Board believes that the existence of a Lead Director with this scope of responsibilities supports strong corporate governance principles and effective oversight of management while providing the benefit of having the Company's CEO also serve as Chairman of the Board. The Board believes that JCPenney's current leadership structure is in the best interests of the Company and its stockholders because it enhances communication between the Board and management and allows Mr. Ellison to more effectively execute the Company's strategic initiatives and business plans while ensuring that the appropriate level of independent oversight is applied to all management decisions.

Board and Committee Self-Assessments

Each year, the Board and the Board's Audit, Corporate Governance, Finance and Planning, and Human Resources and Compensation Committees conduct self-assessments to evaluate their effectiveness and to identify opportunities for improvement. This self-assessment may be conducted in the form of written or oral questionnaires administered by Board members, management or third parties. Directors respond to questions designed to elicit information to be used in improving Board and committee effectiveness. Self-assessment topics generally include, among other matters, Board composition and structure, meeting topics and process, information flow, Board oversight of risk management and strategic planning, succession planning and access to management.

Director feedback solicited from the self-assessment process is discussed during Board executive sessions and, where appropriate, addressed with management. The Corporate Governance Committee oversees the development and administration of the self-assessment process, including determining the format. More recently, the Corporate Governance Committee has determined that written questionnaires are a highly effective method of conducting the self-assessments.

Board of Directors' Role in Risk Oversight

The Board oversees an enterprise-wide approach to risk management, designed to support the achievement of organizational objectives, including strategic objectives, to improve long-term organizational performance and to enhance stockholder value. A fundamental part of risk management is not only understanding the risks a company faces and what steps management is taking to manage those risks but also understanding what level of risk is appropriate for the company. The involvement of the full Board in reviewing the Company's business strategy is an integral aspect of its assessment

Corporate Governance

of management's tolerance for risk and also its determination of what constitutes an appropriate level of risk for the Company. In addition to management's discussion of risk with the full Board throughout the year, the independent directors also discuss risk management during their executive sessions without management present over which the Lead Director presides. The Board's Committees also consider risk appropriate to their respective jurisdictions throughout the year.

Policies and Procedures with Respect to Related Person Transactions

The Board recognizes that related person transactions can present a heightened risk of conflicts of interest. Accordingly, as a general matter, our directors and executive officers are to avoid any activity, interest or relationship that would create, or might appear to others to create, a conflict with the interests of JCPenney. There were no related person transactions for the Company's fiscal year ended February 3, 2018.

Our written Policy on Review and Consideration of Related Person Transactions (the RPT Policy) is included as Appendix C to the Guidelines. For purposes of Securities and Exchange Commission (SEC) rules as well as the RPT Policy, a "related person transaction" is any transaction in which the Company was, is or will be a participant and the amount involved exceeds \$120,000 and in which any related person had, has or will have a direct or indirect material interest. The term "related person" means:

- any person who is, or at any time since the beginning of the Company's last fiscal year was, a director or executive officer of the Company or a nominee to become a director of the Company,
- any person who is known to be the beneficial owner of more than 5% of any class of the Company's voting securities and
- any immediate family member of any of the foregoing persons.

We review all relationships and transactions in which the Company and a related person are participants to determine whether such persons have a direct or indirect material interest. To identify potential related person transactions, we request certain information from our directors and executive officers. We then review the information provided for any related person transactions. The Corporate Governance Committee reviews and determines whether to approve or ratify any related person transaction that is required to be disclosed. Any member of the Corporate Governance Committee who is a related person with respect to a transaction under review may not participate in the deliberations or vote respecting approval or ratification of the transaction.

Board Independence

The Board reviews the independence of each non-employee director annually to confirm that the director continues to meet our standards as well as the requirements of the NYSE. No member of the Board will be considered independent unless the Board determines that he or she has no material relationship with the Company that would affect his or her independence and that he or she otherwise satisfies JCPenney's director independence standards as well as all applicable laws, rules and regulations. Our "Standards for the Determination of Director Independence" are included as Appendix A to the Guidelines.

The factors the Board considers in determining whether a director is independent include:

- Whether within the preceding three years,
 - the director is or was an employee of JCPenney;
 - a member of the director's immediate family is or was an executive officer of JCPenney;
 - the director or an immediate family member of the director received more than \$120,000 per year in direct compensation from JCPenney (other than compensation for service as a director or pension or other forms of deferred compensation for prior service);
 - the director or an immediate family member of the director was a partner or employee of JCPenney's external auditor and personally worked on JCPenney's audit within that time;
 - the director or an immediate family member of the director is or was employed as an executive officer of another company where any of JCPenney's present executive officers serve on the compensation committee of that company's board of directors;
 - the director or an immediate family member of the director is or was an employee or executive officer of another company that makes payments to, or receives payments from, JCPenney in excess of the greater of \$1 million or 2% of that company's consolidated gross revenues;
- Whether the director or an immediate family member of the director is a current partner of JCPenney's external auditor;
- Whether the director is a current employee of JCPenney's external auditor;
- Whether an immediate family member of the director is a current employee of JCPenney's external auditor and personally works on JCPenney's audit; and
- Whether the director serves as an officer, director or trustee of a charitable organization or as a member of that organization's fund-raising entity or committee that received contributions from JCPenney in excess of the greater of \$1 million or 2% of the charity's gross revenues.

The Board has reviewed each director's independence for fiscal 2018. Applying the standards listed above as well as the requirements of the NYSE, the Board has determined that each of the directors, except for Mr. Ellison, is independent.

Meeting Attendance

During fiscal 2017, the Board held seven meetings and committees of the Board held a total of 28 meetings. Each director serving during fiscal 2017 attended at least 75% of the total number of meetings of the Board and committees on which he or she served.

All directors are strongly encouraged to attend the Annual Meeting, but we do not have a formal attendance requirement. In 2017, eleven of the twelve then-serving members of the Board attended the Annual Meeting.

Executive Sessions

The non-employee, independent directors meet in executive session with no Company associates present as a part of each regularly scheduled Board meeting. The Company's Lead Director, Ronald W. Tysoe, presides over these sessions.

Corporate Governance

Communications with the Board of Directors

Any Company stockholder or other interested party who wishes to communicate with the Board or with an individual director may direct such communications by telephone to 1-800-527-0063, by facsimile to 972-431-1133, by email to jcpdirectors-sm@jcpenny.com, or by writing to:

**Corporate Secretary
J. C. Penney Company, Inc.
P.O. Box 10001
Dallas, TX 75301**

The communication must be clearly addressed to the Board of Directors or to a specific director(s). If a response is desired, the individual should also provide contact information such as name, address and telephone number.

All such communications will be reviewed initially by the Company's Corporate Secretary and entered into a log for tracking purposes. The Board has asked the Corporate Secretary to forward to the appropriate director(s) all correspondence, except for items unrelated to the Board's functions, business solicitations, advertisements and materials that are profane. The Corporate Secretary prepares a periodic summary report of all such communications for the Board.

Communications with the Audit Committee

Complaints and concerns relating to the Company's accounting, internal accounting controls or auditing matters should be communicated to the Audit Committee of the Board. Any such communication may be made on an anonymous basis and may be reported to the Audit Committee through the Company's Senior Vice President, Audit by calling 1-800-527-0063, by website at www.jcpline.com or by writing to:

**Senior Vice President, Audit
J. C. Penney Company, Inc.
P.O. Box 250335
Plano, TX 75025-0335**

All such concerns will be reviewed under the direction of the Audit Committee and oversight by the Senior Vice President, Audit, the General Counsel, or such other persons as the Audit Committee determines to be appropriate. Confidentiality is maintained to the fullest extent possible, consistent with the need to conduct an adequate review. Prompt and appropriate corrective action will be taken when and as deemed appropriate in the judgment of the Audit Committee. The Senior Vice President, Audit will prepare a periodic summary report of all such communications for the Audit Committee.

Board Diversity, Refreshment, Director Qualifications and Process for Nominations

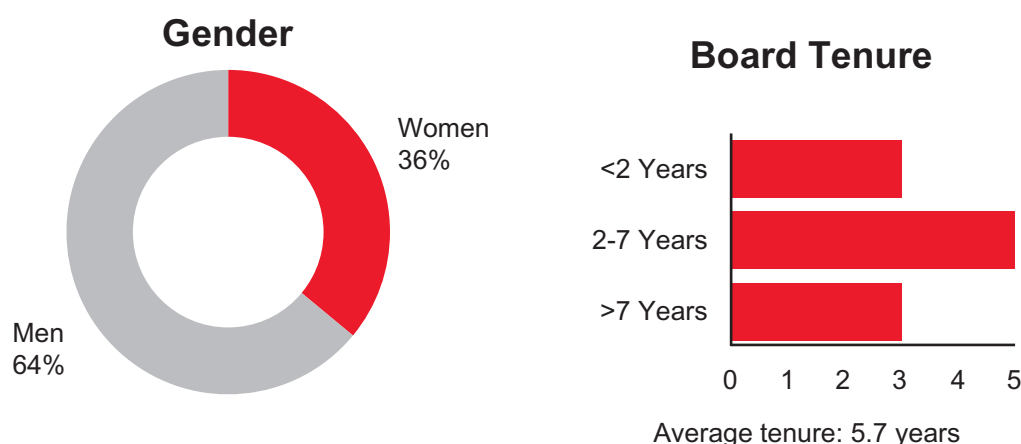

JCPenney is committed to creating an inclusive work environment where everyone is respected and valued. A workforce that understands JCPenney's diverse customer base helps ensure that the Company's products, services and message are relevant in every community where the Company does business.

The Board's philosophy on diversity mirrors the Company's philosophy. In connection with the selection of nominees for director, the Corporate Governance Committee strives to identify and recruit high-caliber individuals whose diverse talents, perspectives, experiences and backgrounds would

preserve and enhance the inclusive environment in which the Board currently functions. Additional information on the experiences and backgrounds of the director nominees can be found under “Proposal 1 - Election of Directors” beginning on page 14. The director nominees identified in this Proxy Statement reflect the importance of diversity to the Board.

The Board also aims to maintain an appropriate balance of tenure across our directors. In the last three years, the Board has appointed six new directors to the Board while seven directors have retired from or left the Board during the same period. Further, our Corporate Governance Guidelines provide that it is the Board’s policy that no individual who would be age 73 or older at the time of his or her election or re-election will be eligible to stand for election or re-election to the Board. The Board may waive the age limitation if it deems a waiver to be in the best interests of the Company and its stockholders.

The charts below reflect the gender composition and board tenure of the director nominees.

As provided in the Guidelines, nominees for director, including those directors who are eligible to stand for re-election, are selected based on, among other things, consideration of the following factors:

- character and integrity;
- business and management experience;
- demonstrated competence in dealing with complex problems;
- familiarity with the Company’s business;
- diverse talents, backgrounds and perspectives;
- freedom from conflicts of interest;
- regulatory and stock exchange membership requirements for the Board;
- sufficient time to devote to the affairs of the Company; and
- reputation in the business community.

In considering whether to nominate directors who are eligible to stand for re-election, the Corporate Governance Committee also considers the quality of past director service, attendance at Board and committee meetings, compliance with the Guidelines (including satisfying the expectations for individual directors), as well as input from other Board members concerning the director’s performance and independence.

Although the Board retains ultimate responsibility for approving candidates for election, the Corporate Governance Committee conducts the initial screening and evaluation process. In doing so,

Corporate Governance

the Corporate Governance Committee considers candidates recommended by directors and the Company's management, as well as any recommendations from Company stockholders. Additionally, the Corporate Governance Committee takes into account the Board's current composition and the capabilities and attributes of serving Board members, as well as additional capabilities and attributes considered necessary or desirable in light of existing Company needs and the goal of preserving and enhancing Board diversity. The Corporate Governance Committee periodically engages one or more search firms to assist in the identification and recruitment of director candidates.

To recommend a candidate for election to the Board, a stockholder must submit the following information to the Corporate Secretary of the Company at least 90 days in advance of the Annual Meeting:

- The stockholder's name and address;
- A representation that the stockholder is a holder of record of JCPenney stock entitled to vote at the Annual Meeting and intends to appear in person or by proxy at the Annual Meeting;
- The name and address of the stockholder's nominee for director;
- A description of any arrangements or understandings between the stockholder and the director nominee or any other person (naming such person(s)) relating to the election of the nominee to the Board;
- The biographical and other information about the nominee that would be required to be included in a proxy statement filed pursuant to the proxy rules of the SEC; and
- The nominee's consent to serve on the Board.

In general, candidates recommended by stockholders will be evaluated under the same process as candidates recommended by existing directors, Company management or third-party search firms. However, the Corporate Governance Committee will additionally seek and consider information concerning the relationship between a stockholder's recommended nominee and the stockholder to determine whether the nominee can effectively represent the interests of all stockholders. Also, except in unusual circumstances, the Corporate Governance Committee will not evaluate a stockholder-recommended candidate unless and until the stockholder advises that the potential candidate has indicated a willingness to serve as a director, to comply with the expectations and requirements for Board service and to provide all the information required to conduct an evaluation.

In addition, pursuant to the Company's proxy access Bylaw, a stockholder, or a group of up to 20 stockholders, owning at least 3% of the Company's outstanding common stock continuously for at least three years may nominate and include in the Company's proxy materials for an annual meeting of stockholders a number of directors up to the greater of two directors and 20% of the Board, provided that the stockholder(s) and nominee(s) satisfy the Bylaw requirements.

A notice from an eligible stockholder under the Company's proxy access Bylaw must be received by the Corporate Secretary of the Company no later than 120 days and no earlier than 150 days prior to the first anniversary of the date the Company's definitive proxy statement was first sent to stockholders in connection with the previous year's annual meeting of stockholders. If the date of the annual meeting of stockholders is more than 30 days before or after the anniversary of the preceding year's annual meeting, the notice must be received no earlier than 150 days prior to such annual meeting and no later than the later of 120 days prior to such annual meeting or 10 days following the day on which public disclosure of the date of the annual meeting was first made. The notice must include certain information, representations and agreements required by Article III, Section 17 of the Company's Bylaws, including information about the stockholder or group of stockholders and any proposed director nominee.

Letter from Human Resources and Compensation Committee Chair

Dear Fellow Stockholders,

On behalf of the Human Resources and Compensation Committee of your Board, let me first thank you for your continued support. Our Committee is comprised solely of independent directors, and we take seriously our responsibilities to our stockholders. Our goal is to design pay programs that only provide significant rewards to executives when JCPenney successfully executes on its strategic priorities.

Our Environment and Leadership Transitions

As you are aware, the retail industry continues to undergo significant transformation. As we review JCPenney's executive compensation program and make decisions regarding executive pay, we continue to be mindful of the dramatic changes occurring within the industry. We must also take into account changes in national economic conditions, particularly rising wages and low unemployment levels, as each contributes to the competitiveness of the executive talent market.

In 2017, JCPenney continued to make progress on its strategic initiatives and made changes to its leadership team to further that progress. To streamline decision-making and promote greater agility within the Company's merchandise buying teams, the Company eliminated the position of Chief Merchant to better ensure the Company remains nimble and flexible amid the constant change and transformation in the retail environment. More recently, in March 2018, the Company further streamlined its organizational structure by consolidating the merchandise buying teams and stores organization under the leadership of the Company's newly created position of Chief Customer Officer and consolidated the information technology and omnichannel functions under the newly created position of Chief Information/Digital Officer.

In addition, Jeffrey Davis joined the Company in July as Chief Financial Officer following the departure of Edward Record. Mr. Davis brings decades of finance, treasury and strategy experience from a host of leading companies. His expertise is a tremendous asset to JCPenney as it continues to differentiate its business in a competitive retail climate.

With these changes, we believe the Company has the right leadership team in place to successfully navigate JCPenney through its strategic initiatives.

Programs Designed to Compete for Talent

In order to attract and retain the appropriate leadership team, we need to provide pay opportunities commensurate with the market for executive talent. The following pages detail the Company's executive compensation program, which we believe allows the Company to properly compete for talent and is strongly aligned with the long-term interests of investors as well as near-term business performance. In that regard, we note the following:

- *Annual bonus payouts based only on financial goals.* Awards under the annual cash bonus plan for senior executives are based solely on financial performance. Bonus payments for 2017 could only be earned if sales, operating profit and gross margin results exceeded explicit, seasonally-based goals. We believe we have set challenging targets for the program and that the payouts under the program vary as intended based on the business results achieved.

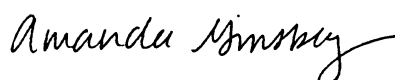

Letter from Human Resources and Compensation Committee Chair

- *Long-term performance awards tied to three year financial goals.* The vast majority of the Company's long-term incentive program rewards only for longer-term performance. The 2017 performance-based restricted stock unit award pays out only if JCPenney achieves EBITDA results for fiscal 2019 (the final year of the program) that reflect a significant increase over the level achieved in fiscal 2016.
- *Peer group and benchmarking.* We benchmark pay for executives against a carefully-constructed peer group limited to retailers. In selecting the peer group, the Committee places a high priority on industry and the similarity of business models and products sold, rather than strict size constraints that do not fully consider the magnitude and scope of JCPenney's operations. To ensure objectivity as compensation levels are set, the Committee's independent compensation consultant takes the lead in conducting any analyses used to establish competitive market pay levels for members of the senior leadership team.
- *Retentive actions.* In March 2017, partly in light of the tightening executive labor market, the Company provided supplemental equity grants to several of its key senior leaders, excluding the CEO and CFO. These retention-focused awards were granted to reflect the critical nature of the leaders' roles, particularly in the areas of omnichannel and information technology where high-quality leaders are often in demand, and to recognize their significant contributions in driving the Company's strategies, as well as to better ensure that the Company retains these high-caliber executives over the longer term. These awards contained the same restrictive covenants as those included in the annual long-term equity incentive awards to executive officers, including non-competition and non-solicitation covenants.

Each year, we conduct a rigorous review of market practices to ensure the Company's programs remain current and relevant. We also critique our incentive designs each year with the goal of identifying any changes that would better support our business and compensation objectives, both immediate and longer-term.

In Conclusion

We continue to be excited about the Company's progress towards achieving its strategic priorities. At the same time, we are committed to doing all that we can to ensure we have the compensation programs in place to drive long-term stockholder value.

Compensation Discussion and Analysis

- *Base salary.* 2017 annualized base salary of \$700,000
- *Annual bonus.* Participation in the annual bonus program with a target annual bonus for 2017 equal to 75% of base salary, which was prorated to reflect his date of hire
- *Cash bonus.* A one-time cash signing bonus of \$50,000
- *Equity awards.* Participation in the annual long-term equity incentive award program in a manner consistent with other senior executive officers
 - 2017 annual equity award having a \$500,000 grant date value consisting of 50% PBRsUs, 25% TBRsUs and 25% stock options
 - Planned equity dollar value of \$1,000,000 for 2018

In connection with his election as interim Chief Financial Officer in July, Mr. Drexler received a one-time cash bonus of \$50,000.

Pay Mix. The charts below show the Compensation Mix for fiscal 2017 for Mr. Ellison and the annualized Compensation Mix for our other named executive officers (other than Mr. Drexler) as a group. The charts illustrate our emphasis on performance-based "at risk" compensation, which for this purpose includes performance-based cash bonus, performance-based restricted stock units, and stock options. Specifically, in fiscal 2017, performance-based compensation comprised 71% of Mr. Ellison's target annual pay and 57% of target annual pay for our other named executive officers. The charts below reflect 2017 target annual compensation: base salary, the target performance-based cash bonus opportunity and the dollar value of annual equity awards granted. The charts below do not reflect compensation provided in connection with commencement of employment and also do not include the value of one-time performance or retention awards.

CEO Realizable Pay. The value of actual pay that can be realized can, and often does, differ substantially from the intended compensation values. To further demonstrate the link between CEO compensation and Company performance, the chart below compares Mr. Ellison's 2015, 2016 and 2017 target compensation and realizable pay as of the end of fiscal 2017. As the chart illustrates, Mr. Ellison's target compensation has not been increased during this 3-year period. When comparing the realizable pay amounts from 2015 and 2016 shown in the chart below to the realizable pay amounts for the same years as of the end of fiscal 2016, which were approximately \$10.3 million and \$5.2 million, respectively, realizable pay for the target compensation awarded in each of 2015 and 2016 decreased by at least 26%.

CEO Target vs. "Realizable" Compensation

- (1) Target compensation includes base salary, the target annual cash bonus award value (including a supplemental one-time award in 2015) and the grant date value of long-term incentive awards.
- (2) "Realizable" compensation includes base salary, the annual cash bonus amount earned and the fiscal 2017 year-end value of long-term incentive awards as follows: (a) the intrinsic value of stock options, (b) TBRSUs valued at year-end stock price and (c) PBRsUs valued at year-end stock price as follows: 2015 award valued at the earned amount, and 2016 and 2017 awards valued at target as performance results cannot yet be determined.

2017 Say-on-Pay Vote and Stockholder Outreach

Approximately 91% of votes cast by the Company's stockholders at the 2017 annual meeting were cast in favor of the Company's executive compensation program. The Human Resources and Compensation Committee (the Committee) continues to evaluate the Company's compensation programs in light of the Company's evolving business circumstances, but made no specific changes given the high level of stockholder support for our existing programs. The Committee's goal is to ensure the Company has the appropriate compensation programs in place to most effectively link pay-for-performance, to create stockholder value over the long-term, to be consistent with good governance practices, to attract and retain critical talent and to align with the Company's business strategies.

Even though we received a high level of stockholder support at the 2017 annual meeting, we reached out to stockholders representing over 50% of our outstanding common stock to solicit feedback. We did not receive any feedback on our executive compensation program from such stockholders as a result of that outreach. We believe a continuing, constructive dialogue with our long-term stockholders on matters such as executive compensation and corporate governance matters will ensure that our programs remain aligned with their interests. We welcome stockholder feedback as a way to provide us with further insight and understanding of their views on our programs.

Compensation Discussion and Analysis

Establishing Our Executive Compensation Program

Role of the Human Resources and Compensation Committee. The Committee is responsible for establishing and implementing our executive compensation program. Each member of the Committee is independent under the listing standards of the New York Stock Exchange (NYSE).

The Committee determines compensation for officers of the Company at the level of Senior Vice President and above, other than the CEO. The compensation of the CEO is determined by all of the independent directors of the Board of Directors (the Board), taking into account the Committee's recommendations.

As part of the Committee's deliberations, the CEO makes compensation recommendations for the executive officers other than himself. The Committee considers these recommendations in making its determinations.

Role of Independent Compensation Consultant. The Committee engages an independent consultant to assist in its deliberations and decision-making regarding executive compensation. The Committee's consultant provides current market research and analyses against which executive compensation programs and proposals can be evaluated, including a review of competitive market trends and design practices, a review of the Company's peer group, and market benchmarking for officers at the level of Senior Vice President and above. The independent consultant does not assist the Board on director compensation matters. The Committee has sole authority to retain and terminate its consultant and sole authority to approve the fees and other terms of the engagement of its consultant. The independent consultant reports directly to the Committee and does not work for the Company's management in any capacity.

For fiscal 2017, the Committee retained Meridian Compensation Partners LLC (Meridian) as its independent consultant. In retaining Meridian as its consultant, the Committee considered all factors relevant to Meridian's independence from management in accordance with the listing standards of the NYSE.

Role of Management. Management makes recommendations to the Committee regarding the design and implementation of our executive compensation programs. Management works with its outside executive compensation consultant, Frederic W. Cook & Co., Inc. (FW Cook), in making recommendations that are consistent with the Company's philosophy and objectives. The Committee may review data and analyses provided by management and its consultant. FW Cook does not work for the Committee or the Board in any capacity.

Role of Peer Companies and Benchmarking. Understanding the competitive market for executive talent in our industry is critical to ensuring that we can attract and retain a strong leadership team. Accordingly, we benchmark the competitiveness of pay for our named executive officers, and for our various compensation programs in general, against the practices of a carefully-constructed and select group of retailers we view as our peers.

For 2017, the Committee selected the following companies as our benchmarking peers:

Ascena Retail Group, Inc.
Bed Bath & Beyond Inc.
Best Buy Co., Inc.
Gap, Inc.
Kohl's Corp.

L Brands, Inc.
Macy's, Inc.
Nordstrom, Inc.
Office Depot, Inc.
Ross Stores, Inc.

Sears Holdings Corp.
Staples, Inc.
Target Corp.
TJX Companies, Inc.

Compensation Discussion and Analysis

In selecting this peer group, the Committee focused on retailers with business characteristics similar to ours and that align with the Company's strategic direction. In general, the peer group includes mall anchors, department stores and other retailers who offer the same or similar products in most cases, whose customers are influenced by similar broad economic trends in spending and whose operations are primarily domestic.

The Committee considers various size parameters in choosing the peer group. Although the focus is on peers with revenues, market cap and enterprise values that typically range between 0.33x-3.0x of ours, the current peer group deliberately includes a few companies outside this range because we view them as key competitors for executive talent. Further, although market cap is often cited in peer group selection, at present the Committee views enterprise value as more relevant in light of our current capital structure, with the result that a significant majority of the peers fell within the prescribed range of enterprise values.

The Committee reviews and approves the peer group each year, and in so doing considers information provided by the Committee's independent consultant and management. For 2018, the Committee re-evaluated the composition of the peer group and determined that it continues to reflect our key competitors for executive talent. Based on this conclusion, the Committee determined that the peer group remains appropriate and that changes were not necessary.

We also review retail industry surveys to benchmark pay for executive officer positions for which proxy peer group data are not available. The Committee uses market data as one point of reference when making compensation decisions but also considers individual and Company performance as well as individual growth and experience relevant to the associate's position.

For fiscal 2017, a key element of our compensation benchmarking philosophy was to target total direct compensation for our executive officers at or around the median percentile of the national market represented by our peer group and/or survey data for relevant positions. Where necessary, we may target total direct compensation above or below the median percentile to reflect role complexity, individuals' experience in the role, internal equity, individual performance, and other factors deemed relevant by the Committee. Based on the compensation analysis reviewed by the Committee in late 2017, the total target direct compensation for our CEO fell below the median of the peer group.

Internal Pay Relationships. Our compensation philosophy reflects the importance of offering a competitive target compensation package. In general, the differences in pay between the named executive officers relative to each other and to the CEO, as well as to non-managerial associates, are based on market differences for the particular job, job responsibilities and scope, and adjustments for individual experience and performance, rather than a pre-determined ratio or multiple.

Relationship of Executive Compensation to Risk. In connection with fulfilling its responsibilities, the Committee considers whether the design of the Company's executive compensation program encourages executives to engage in excessive risk-taking. The Committee reviews the overall program design, as well as the balance between short-term and long-term compensation, the metrics used to measure performance and the total award opportunity under the Company's incentive compensation program, and other features designed to mitigate risk such as incentive caps, vesting requirements, stock ownership guidelines, the Company's insider trading policy, the Company's claw-back policy and the Company's prohibition on hedging and pledging of Company securities by directors and senior management. Based on its review, the Committee believes that the Company's executive compensation program is aligned with the interests of stockholders, appropriately rewards pay for performance and does not promote unnecessary or excessive risk.

Compensation of Our Named Executive Officers

In 2017, our executive compensation program had three principal components:

- Base salary;
- Annual cash bonus awards; and
- Long-term equity incentive awards.

Consistent with our pay-for-performance philosophy, the majority of the compensation opportunity in fiscal 2017 for our named executive officers was linked to Company performance. We believe that our combination of annual cash bonus awards and long-term incentive awards strikes the appropriate balance between our near-term focus on Company performance and our long-term focus on stockholder value creation.

Base Salary. We review base salaries annually, and focus on ensuring that they are competitive based on market data for comparable positions at companies in our peer group. Merit increases are intended to reward individual performance and ensure that the individual’s base salary remains competitive for the position and level of responsibility. Periodically, we also make adjustments to ensure that the salary for a key role remains competitive with the market.

Several of our named executive officers received merit increases at the beginning of fiscal 2017 to reward individual performance, as outlined below. The Summary Compensation Table presents the named executive officers’ actual salaries for 2017.

<u>Name</u>	<u>Prior Year Base Salary</u>	<u>Salary After Adjustment</u>	<u>Percentage Change</u>	<u>Basis for Adjustment</u>
Marvin R. Ellison	\$1,450,000	\$1,450,000	—	No adjustment
Jeffrey A. Davis	—	\$ 700,000	—	Newly hired in July 2017
Michael Amend	\$ 600,000	\$ 630,000	5.0%	Merit increase
Therace M. Risch	\$ 600,000	\$ 627,000	4.5%	Merit increase
Michael Robbins	\$ 600,000	\$ 612,000	2.0%	Merit increase
Andrew S. Drexler	\$ 391,400	\$ 401,185	2.5%	Merit increase

Since Mr. Davis joined the Company in July, his base salary was prorated for the portion of the fiscal year for which he was employed by the Company.

Annual Cash Bonus Awards. Annual cash bonuses are determined and paid pursuant to the Management Incentive Compensation Program (MICP), which provides named executive officers as well as other management associates the opportunity to earn cash awards based on the achievement of specified Company goals. For fiscal 2017, the annual cash bonus was again split into a Spring performance period and a Fall performance period to better align with key near-term objectives and to reflect the volatility of the retail sector. The plans are structured as follows:

- The Spring period measured performance for the first and second fiscal quarters, and the Fall period measured performance for the third and fourth fiscal quarters.
- To align with the Company’s business cycle, the Spring and Fall performance periods accounted for 40% and 60%, respectively, of each named executive officer’s annual target bonus opportunity.
- To increase retention, payouts for the named executive officers for both performance periods are only made after the end of the fiscal year.

Compensation Discussion and Analysis

The program structure provides each participant with an annual “target bonus opportunity” that is a percentage of the individual’s base pay. The range of potential payouts for each of the named executive officers is presented in the Grants of Plan-Based Awards Table.

The fiscal 2017 annual target bonus opportunity for each of our named executive officers is shown below. Targets for 2017 were at the same level as for the prior year (other than for Mr. Davis who joined the Company in July 2017). Mr. Davis’ annual target bonus opportunity was established when he joined the Company. Since Mr. Davis joined the Company after July 1, he was not eligible to receive an award for the Spring performance period of the annual cash bonus program.

Name	Annual Target Bonus Opportunity (% of Salary)
Marvin R. Ellison	175%
Jeffrey A. Davis	75%
Michael Amend	75%
Therace M. Risch	75%
Michael Robbins	75%
Andrew S. Drexler	50%

For the named executive officers, both the Spring and Fall performance periods provided that awards could be earned based on performance against pre-established goals for the Company’s sales, operating profit and gross margin. The metrics were weighted as follows:

Metric	Weighting
Sales	50%
Operating Profit	25%
Gross Margin	25%

The Committee and, with respect to the CEO, the independent directors of the Board, selected these metrics to drive revenue growth, increases in market share and the development of new initiatives while also maintaining a focus on profitability. The weighting for the operating profit metric was decreased from 30% to 25% in 2017 and gross profit return on inventory (GPROI) was replaced with gross margin with a 25% weighting to increase focus on key efficiency initiatives. The weighting for the sales metric was unchanged from 2016 to reflect the emphasis on driving top line results. Results for each metric in the annual cash bonus program are measured separately.

For purposes of the bonus program, gross margin was determined by subtracting the cost of goods sold (exclusive of depreciation and amortization) for the applicable period from total net sales for the same period. Operating profit was defined as operating income/(loss) excluding qualified and supplemental pension expense, bonus and equity expense, real estate and other, and restructuring and management transition charges. The Committee and the independent directors chose to exclude those items because they are not directly related to the Company’s ongoing core business operations, which consist of selling merchandise and services to consumers through the Company’s department stores and website. In addition, qualified and supplemental pension plan expense are determined using numerous complex assumptions about changes in pension assets and liabilities that are subject to factors beyond the Company’s control, such as market volatility.

Compensation Discussion and Analysis

Performance goals for each of the Spring and Fall plans were established at the beginning of the respective performance periods, taking into account both historical results and the Company's plans at the beginning of each period as well as expectations in light of the then current business climate and the Company's strategic initiatives. The target Operating Profit and Gross Margin goals for the 2017 Spring and Fall performance periods were set above the actual results achieved for the comparable periods in 2016. The target Sales goal for the 2017 Spring performance period was set below the target goal for the 2016 Spring period while the target Sales goal for the 2017 Fall performance period was set below the target goal and actual results for the 2016 Fall period, each as a result of store closures announced in early 2017.

At the end of each performance period, a payout factor ranging from 25% to 200% of the target bonus opportunity was calculated for each metric based on performance results achieved. For each component, no payout would occur for results below the threshold goal.

Spring Performance Period. The performance goals, potential payout levels and actual awards earned for the Spring performance period are indicated below. Based on the Company's performance and the relative weightings of each of the performance metrics, each of the named executive officers (other than Mr. Davis) earned cash bonuses equal to 62.7% of their respective Spring performance period target opportunities. As previously stated, Mr. Davis was not eligible to receive an award for the Spring performance period because he joined the Company after July 1.

<u>Performance Metric</u>	<u>Weighting</u>	<u>Threshold (25%)</u>	<u>Target (100%)</u>	<u>Maximum (200%)</u>	<u>Actual</u>	<u>Payout %</u>
Sales (\$ in millions)	50%	\$5,533	\$5,764	\$5,994	\$5,668	68.1%
Operating Profit (\$ in millions)	25%	\$ 68	\$ 168	\$ 318	\$ 94	44.5%
Gross Margin (\$ in millions)	25%	\$1,895	\$2,106	\$2,317	\$2,022	70.0%
Cash Bonus earned as percent of Spring Bonus opportunity (40% weighting)						62.7%

Fall Performance Period. The performance goals, potential payout levels and actual awards earned for the Fall performance period are indicated below. Based on the Company's performance and the relative weightings of each of the performance metrics, each of the named executive officers earned cash bonuses equal to 96.9% of their respective Fall performance period target opportunities. As shown below, the Company's Sales performance for the Fall performance period exceeded the target Sales goal and the Company's expectations due in part to adjustments in the Company's strategy during the second half of the year, including additional focus on the Company's beauty segment and home refresh initiatives as well as the launch of new categories for the holiday season. These strategy shifts ultimately led to an improvement in the Company's Sales performance during the second half of the year.

<u>Performance Metric</u>	<u>Weighting</u>	<u>Threshold (25%)</u>	<u>Target (100%)</u>	<u>Maximum (200%)</u>	<u>Actual</u>	<u>Payout %</u>
Sales (\$ in millions)	50%	\$6,455	\$6,723	\$6,992	\$6,838	142.5%
Operating Profit (\$ in millions)	25%	\$ 307	\$ 407	\$ 557	\$ 307	25.0%
Gross Margin (\$ in millions)	25%	\$2,144	\$2,382	\$2,620	\$2,310	77.5%
Cash Bonus earned as percent of Fall Bonus opportunity (60% weighting)						96.9%

Note: For both the Spring and Fall plans, the payout percentage is interpolated on a straight-line basis for points in between the threshold and maximum goals.

Compensation Discussion and Analysis

As a result of the Company's full year performance and the relative weightings of each of the performance metrics, each of the named executive officers (other than Mr. Davis) earned cash bonuses equal to 83.2% of their respective annual cash bonus opportunities. The total annual cash bonus payouts for 2017 for each of the named executive officers are reflected in the Summary Compensation Table under the column "Non-Equity Incentive Plan Compensation."

Long-Term Incentive Awards. For fiscal 2017, the annual long-term incentive awards to our named executive officers were made under the 2016 Long-Term Incentive Plan (the 2016 Plan). The 2016 Plan provided equity-based awards to eligible associates, including the named executive officers, other Company officers and senior management associates. Generally, whether an associate is granted an award and the size of the award granted are functions of the associate's position, performance and potential.

The potential number of shares used for annual long-term incentive awards for each participant was based on a predefined intended "equity dollar value" for the participant. The intended equity dollar value is determined by position and expected future contributions, taking into consideration competitive market data for comparable positions at companies in our peer group and the Company's overall equity plan budget for the year. The actual equity dollar value of the award granted to each eligible associate can be higher or lower than the associate's intended equity dollar value based on the associate's performance and potential.

For fiscal 2017, we again granted long-term incentive awards to the named executive officers that included performance-based restricted stock units, time-based restricted stock units and non-qualified stock options in the following mix:

2017 Long-Term Incentive Award Mix

The Committee and, with respect to the CEO, the independent directors of the Board, believed this mix best balanced our dual goals of ensuring that executives maintain a long-term focus on stockholder value creation and retaining key leaders.

Compensation Discussion and Analysis

The table below sets forth the 2017 equity dollar values of the annual long-term incentive awards granted to the named executive officers. Three of our named executive officers received annual awards with equity dollar values that were higher than their equity dollar values in 2016 in recognition of their individual contributions in 2016, as outlined below.

Name	Equity Dollar Value of Performance-Based Restricted Stock Units	Equity Dollar Value of Stock Options	Equity Dollar Value of Time-Based Restricted Stock Units	Total Equity Dollar Value	Percentage Change from 2016	Basis for Increase
Marvin R. Ellison	\$3,500,000	\$1,750,000	\$1,750,000	\$7,000,000	—	No increase
Jeffrey A. Davis	\$ 250,000	\$ 125,000	\$ 125,000	\$ 500,000	—	Newly hired in July 2017
Michael Amend	\$ 450,000	\$ 225,000	\$ 225,000	\$ 900,000	28.6%	Reward individual performance
Therace M. Risch	\$ 400,000	\$ 200,000	\$ 200,000	\$ 800,000	14.3%	Reward individual performance
Michael Robbins	\$ 400,000	\$ 200,000	\$ 200,000	\$ 800,000	14.3%	Reward individual performance
Andrew S. Drexler	\$ 175,000	\$ 87,500	\$ 87,500	\$ 350,000	—	No increase

Mr. Davis' total equity dollar value in 2017 reflected his tenure with the Company during the fiscal year. For 2018, his total equity dollar value is \$1,000,000. The grant date fair value of each award is presented in the Grants of Plan-Based Awards Table.

The following paragraphs describe each type of award in greater detail.

Performance-Based Restricted Stock Units. To determine the number of performance-based restricted stock units granted to each named executive officer, we divided the dollar value allocated to these awards by the closing share price of our common stock on the date of grant. The actual awards earned can vary above or below the target award based on the extent to which the Company achieves the performance measure goal established for the program.

Performance with respect to these awards will be measured by reference to the Company's adjusted EBITDA for fiscal 2019. The Committee and the independent directors of the Board chose adjusted EBITDA as the performance measure for the performance-based restricted stock unit awards to align with the Company's long-term EBITDA goals and to drive profitable growth.

Adjusted EBITDA is defined for this purpose as earnings before interest, taxes, depreciation and amortization, excluding qualified and supplemental pension plan expense, bonus and equity expense, real estate and other, and restructuring and management transition charges. The Committee and the independent directors chose to exclude those items because they are not directly related to the Company's ongoing core business operations, which consist of selling merchandise and services to consumers through the Company's department stores and website. In addition, qualified and supplemental pension plan expense are determined using numerous complex assumptions about changes in pension assets and liabilities that are subject to factors beyond the Company's control, such as market volatility.

Compensation Discussion and Analysis

The adjusted EBITDA goal for fiscal 2019 was set at the beginning of fiscal 2017, is viewed as challenging to achieve and requires significant overall growth over the level achieved in fiscal 2016. The Committee views the adjusted EBITDA target for fiscal 2019 as inherently equivalent to a cumulative three-year metric because to achieve this goal the Company must deliver strong results and make significant progress towards the goal in each of the intervening fiscal years.

At the end of fiscal 2019, the percentage of the target award earned will be determined pursuant to the payout matrix established for the program. The payout matrix sets forth a range of payout percentages relative to the Company's actual results for the performance period. The payout percentages under the payout matrix range from 25% to 200% of the target award with a 100% payout for achieving the target performance goal. No payout will occur for results below the threshold goal. The range of potential payouts is presented in the Grants of Plan-Based Awards Table.

Earned units will vest on the third anniversary of the date of grant provided that the participant remains continuously employed with the Company through that date.

Stock Options. The stock options awarded to the named executive officers vest ratably (one-third per year) over a three-year period provided that the participant remains continuously employed with the Company during that time.

The stock options are intended to align the participants' interests with those of our stockholders and have an exercise price equal to the closing price of Company common stock on the date of grant. Accordingly, they have value to the recipient only if the market price of the common stock at the time of exercise is above the option exercise price. They cannot be exercised more than ten years after the date of grant.

To determine the number of stock options granted to each of the named executive officers, we divided the dollar value allocated to these awards by the fair value of the stock option on the date of grant. The fair value was calculated pursuant to a binomial lattice model, which is the same model used for purposes of measuring compensation expense for stock options in the Company's financial statements.

Time-Based Restricted Stock Units. Each time-based restricted stock unit represents the right to receive one share of our common stock on the vesting date. The units vest in full on the third anniversary of the grant date provided the participant remains continuously employed with the Company until that time. These units have value in all market conditions; thus they provide a strong retention mechanism. Since the ultimate value of the award depends on the market value of our common stock on the vesting date, the interests of participants are also aligned with stockholders.

To determine the number of time-based restricted stock units granted to each of the named executive officers, we divided the dollar value allocated to these awards by the closing share price of our common stock on the date of grant.

Restrictive Covenants. By accepting any long-term incentive awards, each named executive officer agrees to comply with the following restrictive covenants:

- Obligation not to disclose confidential or proprietary information of the Company;
- Obligation to refrain from activities designed to influence or persuade any person not to do business or to reduce its business with the Company;

Compensation Discussion and Analysis

- Obligation to refrain from attempting to influence or persuade any of the Company's employees to leave their employment with the Company and to refrain from directly or indirectly soliciting or hiring employees of the Company; and
- Obligation not to undertake work for a competing business.

Each of the above restrictive covenants continues for 18 months, or 12 months in the case of Mr. Drexler, following termination of employment if the named executive officer voluntarily terminates employment with the Company or is involuntarily terminated other than for cause, except for the obligation not to disclose confidential or proprietary information, which continues indefinitely following any termination of employment.

2015 Performance-Based Restricted Stock Unit Awards Earned. In 2015, the Company granted performance-based restricted stock units to our executive officers at the time. Of our current named executive officers, only Mr. Ellison received the 2015 award. The performance-based restricted stock units could be earned only to the extent we achieved performance goals for adjusted EBITDA for each of three one-year performance periods.

Fiscal 2017 was the third and final performance cycle of the award. As previously disclosed, the Committee and the independent directors of the Board chose adjusted EBITDA as the performance measure for the performance-based restricted stock unit awards.

Adjusted EBITDA is defined for this purpose as earnings before interest, taxes, depreciation and amortization, excluding qualified pension expense, bonus expense, real estate and other, net gains on the sale of non-operating assets, asset impairments, the effect of reclassifications of certain expenses, and restructuring and management transition charges. The Committee and the independent directors chose to exclude those items because they are not directly related to the Company's ongoing core business operations, which consist of selling merchandise and services to consumers through the Company's department stores and website. In addition, qualified pension expense is determined using numerous complex assumptions about changes in pension assets and liabilities that are subject to factors beyond the Company's control, such as market volatility.

The performance goals for the 2017 performance cycle were set at the beginning of fiscal 2017 pursuant to a formula that was pre-determined at the beginning of fiscal 2015, which was the first performance cycle. Under the pre-determined formula, the 2017 performance target was set at 124% of the Company's adjusted EBITDA performance for the prior year. Below are the range of 2017 performance goals, related payout factors and 2017 actual performance for the 2015 performance-based restricted stock unit awards.

<u>Performance Metric</u>	<u>Threshold (25%)</u>	<u>Target (100%)</u>	<u>Maximum (200%)</u>	<u>Actual</u>	<u>Payout %</u>
2017 Adjusted EBITDA (\$ in millions)	\$715	\$1,191	\$1,489	\$914	56.4%

Note: The payout percentage is interpolated on a straight-line basis for points in between the threshold and maximum goals.

At the end of the performance cycle, the percentage of the target award earned was determined pursuant to the payout matrix established for the awards. Based on the Company's performance in fiscal 2017, Mr. Ellison earned 56.4% of his target performance-based restricted stock unit award for the 2017 performance cycle.

Compensation Discussion and Analysis

In total, based on the Company's performance in each of the three performance cycles (fiscal 2015 through fiscal 2017), Mr. Ellison earned 127.9% of his total 2015 target performance-based restricted stock unit award. The earned units vested on the third anniversary of the date of grant.

Supplemental Awards. The Committee believes that the retention of key executives is critical to the Company's future success. In February 2017, the Committee approved supplemental grants of time-based restricted stock units to Ms. Risch, Mr. Amend and Mr. Robbins. These retention-focused awards were granted in March 2017, at the time of the annual long-term incentive award grants, to reflect the critical nature of their roles and to recognize their significant contributions to date in driving the Company's strategy to transform its omnichannel capabilities, as well as to better ensure that we would retain these high-caliber executives over the longer term. In the Committee's view, each of these talented executives possessed unique skills and experience that were necessary to implement the strategies that we had put in place to drive growth and transform the enterprise.

Each award had an equity dollar value of \$800,000, which was determined after taking into consideration competitive market data for comparable positions at companies in our peer group, the value of each executive's then existing equity holdings and the Company's overall equity plan budget for the year. The Committee chose to use time-based restricted stock units for these awards because the units have value in all market conditions; thus they would provide a strong retention mechanism. Since the ultimate value of the award depends on the market value of our common stock on the vesting date, the interests of participants would also be aligned with stockholders.

To maximize the retention goal for the supplemental time-based restricted stock unit awards, each of these awards vest in full only upon the third anniversary of the grant date provided the participant remains continuously employed with the Company until that time. Each time-based restricted stock unit represents the right to receive one share of our common stock on the vesting date. To determine the number of time-based restricted stock units granted, we divided the dollar value for these awards by the closing share price of our common stock on the date of grant.

For equity awards outstanding for each of the named executive officers as of the end of fiscal 2017, see the Outstanding Equity Awards at Fiscal Year-End Table. Actual awards vesting or exercised during the fiscal year are presented in the Option Exercises and Stock Vested Table.

Compensation Discussion and Analysis

2018 Awards. For fiscal 2018, the Committee and, with respect to the CEO, the independent directors of the Board, chose to modify the mix of long-term incentive awards granted to the named executive officers to further strengthen the link between those awards and the Company's long-term performance as well as provide an additional retention incentive to key leaders. As a result, the long-term incentive awards granted to the named executive officers in fiscal 2018 included performance-based restricted stock units, time-based restricted stock units and performance-based cash awards in the following mix:

2018 Long-Term Incentive Award Mix

Performance-based cash awards replaced non-qualified stock options in 2018. This new vehicle is a cash-based award requiring the achievement of pre-established free cash flow goals over a cumulative three-year period through the end of fiscal 2020.

This long-term incentive award mix structure is weighted 75% to performance.

Other Compensation Program Elements

In addition to the three principal components of our compensation program, we also offer the following to our named executive officers, to help us attract and retain the most talented individuals:

- Retirement benefits;
- Health and welfare benefits, including medical and dental benefits, paid time off, and group term life insurance benefits;
- Termination arrangements; and
- Perquisites.

Retirement Benefits. As with the principal components of our compensation program, our retirement benefits are intended to provide an industry competitive level of benefits.

The principal retirement benefits that we currently offer to our associates, including our named executive officers, are through our defined contribution 401(k) plan (Savings Plan) and our non-qualified defined contribution plan (Mirror Savings Plan). Both the Savings Plan and Mirror Savings Plan offer eligible associates the opportunity to defer a portion of their base salary and annual cash bonus compensation as a means of saving for retirement.

Compensation Discussion and Analysis

The Savings Plan also includes a Company matching contribution feature of 100% per dollar deferred up to a maximum of 5% of deferrals. The Mirror Savings Plan has a similar feature with respect to compensation in excess of the Internal Revenue Code (the Code) compensation limit for qualified plans.

The Mirror Savings Plan is discussed in more detail in the narrative following the Nonqualified Deferred Compensation Table.

Health and Welfare Benefits. Our named executive officers are entitled to participate in active associates' health and welfare benefit plans, including paid time off, medical, dental, group term life insurance and disability insurance, on the same terms and conditions as those made available to associates generally. We provide these benefits as part of a competitive package of health and welfare benefits.

Termination Arrangements. In order to attract top retail talent, we recognize the need to provide protection to our executives in the event of involuntary termination of employment without cause or voluntary termination for good reason or following a change in control of the Company. Accordingly, we have put in place separate arrangements consisting of individual Executive Termination Pay Agreements for our CEO and Executive Vice Presidents, individual Termination Pay Agreements for our Senior Vice Presidents, and a Change in Control Plan to address termination situations not precipitated by the conduct of the named executive officer.

The termination pay agreements provide severance benefits to the executive in exchange for the executive's agreement to comply with certain restrictive covenants. The benefits payable under the termination pay agreements are not available if the executive receives the benefits under the Change in Control Plan.

Change in Control Plan. The Company has in place a Change in Control Plan (the CIC Plan) that provides benefits if the executive's employment is involuntarily terminated within two years following a change in control of the Company. The CIC Plan further provides that cash severance benefits will not exceed 2.99 times the sum of base salary and target bonus (the severance benefits limitation).

Ms. Risch and Messrs. Ellison, Davis and Robbins participate in the CIC Plan. Mr. Amend also participated in the CIC Plan.

The CIC Plan does not provide for the payment of excise tax gross-ups to named executive officers. The CIC Plan and the termination pay agreements are described in more detail in "Potential Payments and Benefits on Termination of Employment" beginning on page 52.

Perquisites. We provide certain additional benefits to enable our executives to devote their energy and attention to the Company.

Company Aircraft. For security purposes, the Board requires the CEO to participate in a Key Associate Protection Program (the KAPP), which is intended to safeguard the CEO and members of his immediate family. The KAPP is a program approved by the Board as a result of recommendations contained in an independent, third-party security study. As part of the KAPP, the CEO is required to use Company aircraft for all business and personal travel. In view of the KAPP requirement to use Company aircraft, Mr. Ellison is party to an aircraft time sharing agreement with the Company which requires him to reimburse the Company for any personal use of the corporate aircraft in excess of \$150,000 during each fiscal year.

Compensation Discussion and Analysis

The Company does not generally make Company aircraft available for non-Company business use by Company associates, other than to the CEO as recommended by the KAPP. However, in an emergency and/or other unusual circumstance, a Company associate may be permitted to travel on the Company aircraft for personal reasons, provided the travel is approved by the CEO or by the member of the management team with immediate management responsibility for the Aviation Department. Income is imputed to associates, including the CEO, for personal use of Company aircraft in accordance with IRS regulations. The Company does not provide a tax gross-up with respect to such imputed income.

For total compensation purposes, we calculate the aggregate incremental cost to the Company of personal use of the Company aircraft by determining the incremental nautical miles flown, including any “deadhead” legs, and multiplying that number by the cost to the Company per nautical mile. These amounts, exclusive of any amounts reimbursed by Mr. Ellison pursuant to the aircraft time sharing agreement discussed above, are reflected as All Other Compensation in the Summary Compensation Table below. The amount reflected for total compensation purposes is often higher than the amount imputed to associates under IRS regulations.

A nautical mile is a unit of length used for maritime and aviation purposes. The cost per nautical mile excludes fixed costs which do not change based on usage, such as pilots’ or other associates’ salaries, purchase costs of the aircraft, or non-trip-related hangar expenses. It is derived from the aircraft’s variable operating costs, which include:

- Aircraft fuel expenses;
- Supplies and catering;
- Crew travel expenses;
- Landing and parking expenses; and
- Aircraft maintenance and external labor.

Annual Health Exam. In fiscal 2017, the named executive officers were eligible to receive an allowance of up to \$5,000 each calendar year for an annual health exam. The Company does not provide a tax gross-up on this benefit. We value the benefit based on the actual charges incurred by the Company for the services provided, which is reflected as All Other Compensation in the Summary Compensation Table below.

Relocation. The Company provides tiered relocation benefits to all associates based on the associate’s position within the organization. At the commencement of his employment with the Company, Mr. Davis did not maintain a residence near the Company’s Home Office in Texas. The Company provided relocation benefits to him for his commuting and temporary housing expenses consistent with Company policy for his position. We value the benefits based on the actual charges incurred by the Company for the benefits provided reduced by the amount of charges permitted under the Company’s policy for the lowest level of benefits provided under the policy. These amounts are reflected as All Other Compensation in the Summary Compensation Table below.

Equity Award Grant Policy

The Committee has adopted a Policy Statement which sets forth its practices regarding the timing of, and approval process for, equity awards. In certain cases, the Committee may waive such policy. The following table sets forth the current Policy Statement.

Grant	Grant Date
Annual Grant	Third full trading date following the later of (i) public disclosure of the Company's financial results for the fiscal year prior to the Committee's approval or (ii) the Committee's approval.
Off-cycle grants other than to new hires	Tenth full trading date of the calendar month if the promotion or award is effective or approved by the seventh trading day of the month; otherwise, tenth full trading date of the following calendar month.
Off-cycle grants for new hires	For Senior Vice Presidents and above, third full trading date following the date of hire. For all other associates, tenth full trading date of the calendar month if the date of hire is on or before the seventh trading day of the month; otherwise, tenth full trading date of the following calendar month.

The Committee also adheres to the following approval policies in making equity awards to associates:

- Equity awards to the CEO must be approved by the independent directors of the Board.
- Equity awards to executive officers other than the CEO, including new hires, must be approved by the Committee.
- The aggregate annual grant of equity awards to associates must be approved by the Committee.
- Authority has been delegated by the Committee to the CEO and/or the Executive Vice President, Human Resources to approve (i) equity awards to new hires who are not executive officers and (ii) off-cycle equity awards to associates who are not executive officers.

Tally Sheets

In 2017, the Committee reviewed tally sheets for our named executive officers and for select other executives. These tally sheets provide a comprehensive view of target, actual and contingent executive compensation payouts under a variety of termination and performance scenarios. The tally sheets allow the Committee to understand the cumulative effect of prior pay decisions and stock performance, as well as the retentive ability of existing long-term incentives, severance and change in control arrangements. The tally sheets are intended to facilitate the Committee's understanding of the nature and amounts of total compensation under our executive compensation program and to assist the Committee in its overall evaluation of our program.

Compensation Discussion and Analysis

Stock Ownership Goals

The Company strives to align pay with the long-term interests of stockholders. The Board has adopted formal stock ownership goals for senior executives of the Company. The stock ownership goals specify that, within a five-year period, executives should hold an amount of Company stock having a value of:

<u>Role</u>	<u>Stock Ownership Requirement</u>
Chief Executive Officer	6x base salary
Executive Vice President	3x base salary
Senior Vice President	1x base salary

In addition to directly owned stock, shares held in Company qualified and non-qualified savings plans and unvested time-based restricted stock units are included in calculating ownership levels. Unexercised stock options do not count toward the ownership goals. The stock ownership goals also specify that the CEO should retain at least 50% of net shares received pursuant to an equity award payout or exercise if the CEO is below the above-described ownership goal at the time of receipt. All of the current named executive officers have met or are on track to meet these goals.

Tax Implications of Our Compensation Policies

Section 162(m) of the Code places a limit of \$1,000,000 on the amount of compensation that we may deduct in any given year with respect to the CEO and certain of our other most highly paid executive officers. For fiscal 2017, there is an exception to the \$1,000,000 limitation for performance-based compensation meeting certain requirements. Our fiscal 2017 stock option and performance-based restricted stock unit awards were designed to generally be performance-based compensation meeting those requirements. Since those awards were granted at the beginning of fiscal 2017, we expect that they will be fully deductible. Similarly, our fiscal 2017 performance-based cash bonus compensation awards are also expected to be fully deductible. Our annual base salary and time-based restricted stock units are generally subject to the Section 162(m) deduction limitations.

Beginning with fiscal 2018, the exception for performance-based compensation has been eliminated. To maintain flexibility in compensating executive officers in view of the overall objectives of our compensation program, the Committee has reserved the right to grant compensation that is not tax deductible should it determine that doing so will better meet the Company's objectives.

Claw-Back Policy

One of the objectives of our compensation program is to make a substantial portion of compensation dependent on the Company's overall financial performance. In the event of a financial restatement arising out of the willful actions, including without limitation, fraud or intentional misconduct, or the gross negligence of any participant in the Company's compensation plans or programs, it is the Board's policy that the Committee shall have the authority to determine the appropriate action to take. The compensation plans or programs covered under this policy include, without limitation, cash bonus and stock incentive plans, welfare plans or deferred compensation plans. The Committee's actions under the policy may include requiring relinquishment (claw-back) of previously awarded equity-based incentive compensation and/or repayment of previously paid cash compensation to a participant under such plans and programs.

Compensation Discussion and Analysis

Prohibition on Hedging and Pledging of Company Stock

The Board considers it inappropriate for directors or executive officers to enter into speculative transactions in Company securities. The Company's Corporate Governance Guidelines prohibit directors and senior management from engaging in short sales, options trading or other similar derivative transactions in Company securities, or hedging or monetization transactions, such as zero-cost collars and forward sale contracts, in which the individual continues to own the underlying security without the full risks and rewards of ownership. In addition, the Company's directors and senior management may not purchase Company securities on margin, hold Company shares in a margin account or pledge Company shares as collateral for a loan because a margin sale or foreclosure sale may occur at a time when such director or officer is prohibited from trading under the Company's insider trading policy.

REPORT OF THE HUMAN RESOURCES AND COMPENSATION COMMITTEE

The Human Resources and Compensation Committee of the Board assists the Board in discharging the Board's responsibilities relating to compensation of the Company's executives, reviews plans and proposals on management succession and major organizational or structural changes, and oversees the administration, financial and investment performance and operation of the Company's retirement and welfare plans. Each member of the Committee is considered independent for purposes of applicable NYSE listing standards as well as the Standards for Determination of Director Independence. You can learn more about the Committee's purpose, responsibilities, composition and other details by reading the Human Resources and Compensation Committee's charter, which is available online at www.jcpenney.com.

The Human Resources and Compensation Committee has reviewed the Compensation Discussion and Analysis and discussed the same with management. - (1) See Note 2 to the Consolidated Financial Statements of J. C. Penney Company, Inc. and subsidiaries, as included in the Company's Annual Report on Form 10-K for the fiscal year ended February 3, 2018, for a discussion of the assumptions underlying the valuation of stock options. The value of stock awards is calculated in accordance with FASB ASC Topic 718 and applicable FASB guidance. The values of the performance-based restricted stock unit awards are based upon the probable outcome of the performance goals as of the grant date consistent with the estimate of aggregate compensation cost to be recognized over the service period determined as of the grant date under FASB ASC Topic 718, excluding the effect of estimated forfeitures. That value is the same as the value calculated assuming the target level of performance under the award. The values of the performance-based restricted stock unit awards as of the grant date, assuming that the maximum level of the performance goals will be achieved, are as follows: Mr. Ellison - \$6,999,996; Mr. Davis - \$500,002; Mr. Amend - \$899,996; Ms. Risch - \$799,998; Mr. Robbins - \$799,998; Mr. Drexler - \$349,995; and Mr. Record - \$1,000,005.

- (2) The amounts shown are included in the All Other Compensation numbers shown in the Summary Compensation Table.
- (3) These amounts are not included in the Summary Compensation Table since they do not constitute above market interest or preferential earnings.
- (4) The balance reported includes named executive officer contributions to the Mirror Savings Plan; these amounts were included in the Summary Compensation Table as salary and incentive compensation in the fiscal year earned. Company contributions to the Mirror Savings Plan were included in the All Other Compensation column of the Summary Compensation Table in the fiscal year paid.

Mirror Savings Plan. The Mirror Savings Plan is a non-qualified defined contribution plan which provides eligible associates the opportunity to defer a portion of their base salary and incentive compensation exceeding the Code compensation limit as a means of saving for retirement.

Accordingly, eligible associates earning more than the Code compensation limit (\$270,000 for 2017 and \$275,000 for 2018) may defer up to 75% of their compensation above the limit through the Mirror Savings Plan.

The Mirror Savings Plan includes a Company match feature of 100% per dollar deferred up to a maximum of 5% of deferrals on compensation over the Code compensation limit. This matching contribution is credited each pay period. The Company may make additional discretionary matching contributions. Participants vest in the Mirror Savings Plan Company matching contribution and related investment earnings as follows:

- For contributions made for plan years 2016 and earlier, participants become 100% vested in the match after three years of service; and
- For contributions made for plan years 2017 and after, participants are 100% vested in the match immediately.

For plan years 2016 and earlier, the Mirror Savings Plan included a non-contributory retirement account in which eligible participants received a Company contribution in an amount equal to 2% of the participant's compensation in excess of the Code compensation limit after one year of service. Participating associates are fully vested in this Company contribution after three years. Beginning with plan year 2017, the retirement account provision of the Mirror Savings Plan was discontinued.

Generally, all unvested Company matching contributions are forfeited when the participant terminates employment. The Mirror Savings Plan provides that all matching contributions are immediately vested and non-forfeitable if a participant terminates employment due to:

- Retirement at age 65,
- Qualifying for permanent and total disability while working for the Company,
- The work unit or type of work the associate was doing being discontinued (as determined by the Company), or
- Death.

Nonqualified Deferred Compensation

Deferrals and Company matching contributions are credited to the participant's Mirror Savings Plan account and invested according to the participant's investment elections. Earnings on the balance in the participant's Mirror Savings Plan accounts are based on hypothetical investments in the same funds offered under the Savings Plan. Participants can change their investment elections daily.

Generally, a Mirror Savings Plan participant can only receive a distribution following an unforeseen emergency event (as defined under the Code), a change in control, or termination of employment. The only form of payment under the Mirror Savings Plan is a five year annual installment option. No withdrawals or distributions were taken during the year by any of the named executive officers.

Potential Payments and Benefits on Termination of Employment

POTENTIAL PAYMENTS AND BENEFITS ON TERMINATION OF EMPLOYMENT

Under our compensation program, described above in “Compensation Discussion and Analysis,” payments and the provision of benefits can be triggered by the termination of an associate’s employment. These payments and benefits may vary depending on the reason for termination as described below.

Except as described below, in the event of an associate’s voluntary termination or the termination of an associate’s employment for cause, the associate is only entitled to receive payments for accrued base salary and vacation through the date of termination and any amounts payable under the terms of the Mirror Savings Plan regardless of whether or not the termination follows a change in control of the Company.

In the event that an associate’s termination is the result of retirement, death or permanent disability, the associate is entitled to additional payments and benefits, regardless of whether or not the termination follows a change in control of the Company.

In the event that an associate is involuntarily terminated without cause, the associate is entitled to additional payments and benefits, which may vary depending on whether or not the termination follows a change in control of the Company. If an associate terminates employment with good reason following a change in control of the Company or, in the case of Mr. Ellison, if he voluntarily terminates employment with good reason at any time, the associate is also entitled to additional payments and benefits.

Termination without a Change in Control

In an effort to attract the best people, the Company offers its CEO and each of its Executive Vice Presidents the right to enter into an Executive Termination Pay Agreement with the Company and each of its Senior Vice Presidents the right to enter into a Termination Pay Agreement with the Company. We refer to the Executive Termination Pay Agreements and the Termination Pay Agreements collectively as the TPAs. The forms of the agreements were reviewed by the Committee’s independent consultant and approved by the Committee. The TPAs are intended to provide the executive with severance benefits in exchange for the executive’s agreement to comply with certain restrictive covenants. The benefits payable under these agreements are not available if the executive receives the benefits under the CIC Plan, which is described later in this section.

The primary purpose of the TPAs is to provide for severance benefits in the event of involuntary termination of the executive’s employment without cause. For purposes of the TPAs entered into by the CEO and Executive Vice Presidents, cause includes:

- An intentional act of fraud, embezzlement, theft or other material violation of law;
- Intentional damage to the Company’s assets;
- Intentional disclosure of confidential information in violation of the Company’s policies;
- Material breach of the executive’s obligations under the TPA;
- Breach of the executive’s duty of loyalty to the Company;
- Failure of the executive to substantially perform the duties of his or her job (other than as a result of physical or mental incapacity); or
- Intentional breach of Company policies or willful misconduct by the executive that is in either case materially injurious to the Company.

For purposes of the TPAs entered into by Senior Vice Presidents, cause includes:

- Failure of the executive to substantially perform the duties of his or her job;
- Failure or refusal of the executive to perform specific directives of the Board or the Company that are consistent with the scope and nature of his or her duties;

Potential Payments and Benefits on Termination of Employment

- Conviction of a felony;
- Breach of the executive's fiduciary duties to the Company;
- Violation of the Company's Statement of Business Ethics;
- Any act or omission that results in assessment of a criminal penalty against the Company;
- Violation of an applicable law or regulation;
- Any act or omission that adversely affects or could reasonably be expected to adversely affect the Company's reputation; or
- Willful misconduct, gross negligence or any act of dishonesty or disloyalty.

Under the TPAs, if an executive is involuntarily terminated without cause or, in the case of Mr. Ellison, voluntarily terminates employment for good reason, he or she will receive the benefits set forth in the table immediately below. The standard forms of TPAs were revised in December 2015. The table below sets forth the benefits to be received by an executive based on the form of TPA to which he or she is a party.

Benefits	Form of TPA prior to December 2015	Form of TPA after December 2015
Lump sum payment for unpaid salary and vacation	Accrued base salary and earned but unused paid time off through termination date	Same
Payment for base salary and annual cash incentive*	Lump sum equal to annualized base salary plus target annual cash incentive compensation (at 100% of the target incentive opportunity in effect at the time of termination) with respect to a period of (a) 24 months for Mr. Ellison, (b) 18 months following termination if the executive is an Executive Vice President or higher, or (c) 12 months following termination if the executive is a Senior Vice President	Equal monthly installments during the severance period
Lump sum payment for current year annual cash incentive*	Average of actual incentive compensation payments for the 3 prior fiscal years or, if the associate has been employed for less than 3 fiscal years at the time of termination, the average of the actual payments for the fiscal years, or portion thereof, that the associate has been employed	Executive's actual annual cash incentive compensation payable for the fiscal year of termination prorated for the period of service during the fiscal year
Payment of insurance premiums*	Lump sum payment for Company-paid portion of premiums toward medical, dental and life insurance coverages for 24 months for Mr. Ellison, 18 months for Executive Vice Presidents and 12 months for Senior Vice Presidents, grossed-up for federal income taxes	Continuation of payments by Company for its portion of premiums for medical and dental insurance coverage if executive elects continuation coverage under the Consolidated Omnibus Budget Reconciliation Act of 1985, as amended (COBRA)
Lump sum payment for outplacement and financial counseling services*	\$25,000 for CEO and Executive Vice Presidents; \$15,000 for Senior Vice Presidents	Same
Vesting of equity awards granted in connection with commencement of employment*	Immediate vesting	Same
Vesting of other equity awards*	Immediate vesting of pro-rated portion reflecting length of employment	Same

* Conditioned on execution of a release and expiration of the revocation period under the release, but payable no later than two and one-half months after the year of termination.

Potential Payments and Benefits on Termination of Employment

As noted above, Mr. Ellison's Executive Termination Pay Agreement also provides the above-described benefits if he voluntarily terminates employment with the Company for good reason. For purposes of Mr. Ellison's Executive Termination Pay Agreement, good reason consists of:

- A reduction in base salary or target annual cash incentive opportunity;
- Involuntary relocation of more than 50 miles;
- A materially adverse change in the executive's duties or responsibilities;
- The Company's failure to nominate Mr. Ellison for election to the Board; or
- Failure to make any material payments when due.

For Mr. Ellison to receive benefits under his Executive Termination Pay Agreement in connection with a termination for good reason, he must terminate employment within 180 days of the date the good reason event occurred. Notice of a good reason event must be provided to the Company within 30 days of the event and the Company must be given a 30-day opportunity to correct the situation.

In addition to providing severance payments in the event of an involuntary termination without cause, the TPAs also include certain limited benefits in the event of death or termination due to permanent disability. In such case, the executive will receive a lump sum cash payment as soon as practicable after termination equal to prorated annual incentive compensation for service during the year at 100% of the executive's target incentive compensation opportunity.

By entering into a TPA, the executive agrees to the following restrictive covenants:

- Obligation not to disclose confidential or proprietary information of the Company, which continues indefinitely following termination of employment;
- Obligation to refrain from activities designed to influence or persuade any person not to do business or to reduce its business with the Company, which continues for the applicable severance period following termination of employment;
- Obligation to refrain from attempting to influence or persuade any of the Company's employees to leave their employment with the Company and to refrain from directly or indirectly soliciting or hiring employees of the Company, which continues for the applicable severance period following termination of employment; and
- Obligation not to undertake work for a competing business, which continues for the applicable severance period following termination of employment.

The standard forms of TPAs used by the Company prior to December 2015 provided that the noncompetition covenant may be waived by the executive; however, he or she must then forego any severance benefits available under the TPA. Beginning with the forms of TPAs as revised in December 2015, the restrictive covenants also extend to a voluntary termination of employment in addition to involuntary separation without cause. In the event the executive breaches any of the covenants listed above, the Company will not be obligated to make any further payments under the agreement and may seek to recover damages from the executive.

Mr. Amend had an Executive Termination Pay Agreement in the form used by the Company prior to December 2015. Mr. Drexler has a Termination Pay Agreement in the form used by the Company prior to December 2015. Ms. Risch, Mr. Davis and Mr. Robbins have Executive Termination Pay Agreements as revised in December 2015. Mr. Ellison is party to a separate Executive Termination Pay Agreement that provides the benefits described in the table above for TPAs in the form used prior to December 2015.

Potential Payments and Benefits on Termination of Employment

Mr. Record was a party to an Executive Termination Pay Agreement in the form used prior to December 2015. The amount paid to Mr. Record under the terms of his TPA is reflected as All Other Compensation in the Summary Compensation Table. In addition, Mr. Record's equity awards vested in accordance with his TPA. The vested equity awards are reflected in the Option Exercises and Stock Vested for Fiscal 2017 Table.

Change in Control; Termination Following a Change in Control

Each of Ms. Risch and Messrs. Ellison, Davis and Robbins participate in the Company's CIC Plan. Mr. Amend also participated in the CIC Plan. None of our named executive officers are entitled to a tax gross-up payment in respect of any excise taxes imposed on the benefits payable under the CIC Plan.

The CIC Plan provides benefits to the Company's executives if their employment is terminated as a result of an involuntary separation from service by the Company other than for cause within two years of the occurrence of a change in control of the Company. The CIC Plan also provides benefits to an executive if the executive terminates employment with the Company for Good Reason following a change of control. Good Reason consists of:

- A material reduction in the executive's base salary or target annual cash incentive opportunity;
- Involuntary relocation of more than 50 miles;
- A materially adverse change in the executive's duties or responsibilities;
- A material diminution in the budget over which the executive has responsibility;
- A material adverse change in the executive's supervisor's duties or responsibilities, including a change in the supervisor to whom the executive is required to report; or
- Failure of the Company to continue a material benefit or a material reduction in the benefits in which the executive participated prior to the occurrence of the change in control, unless replaced by a substantially equivalent benefit.

For an executive to receive benefits under the CIC Plan, a Good Reason event with respect to such executive must occur within two years of the occurrence of a change in control of the Company, and if the Good Reason event is not cured by the Company following timely notice of the event by the executive, the executive must terminate employment within the later of (i) two years of the change in control or (ii) 180 days of the date the Good Reason event occurred.

Notice of a Good Reason event must be provided to the Company within 90 days of the event and the Company must be given a 30-day opportunity to correct the situation without having to pay benefits under the CIC Plan.

Change in control is defined as:

- the acquisition by any person, entity or group of 30% or more of the Company's outstanding common stock;
- the replacement of a majority of the Board;
- a reorganization, merger or consolidation, or the sale of all or substantially all of the Company's assets, subject to certain exceptions; or
- a complete liquidation or dissolution of the Company.

For purposes of the CIC Plan, cause includes the failure of the executive to substantially perform the duties of his or her job, failure of the executive to follow Company policy, engagement by the executive in illegal conduct, or gross misconduct injurious to the Company.

Potential Payments and Benefits on Termination of Employment

For the named executive officers (other than Mr. Drexler), the CIC Plan entitles them to receive cash severance of 2.99 times annualized base salary plus target annual cash incentive opportunity (at 100%) at the time of termination.

In addition to the cash severance payments, all participants in the CIC Plan are entitled to receive the following at the time of termination:

- Accrued base salary and pay in respect of earned but unused paid time off through the date of termination;
- With respect to annual incentive compensation:
 - the average of the participant's actual annual incentive compensation payments under the MICP for the three fiscal years prior to the fiscal year of termination; or
 - if termination occurs on the last day of the fiscal year, the actual annual cash incentive compensation, if greater;
- A lump sum payment in respect of additional paid time off, if any, under the Company's paid time off policies;
- A lump sum payment representing the incremental value of additional years of Company matching contributions credited to the executive (equal to the executive's cash severance multiple) with respect to the Mirror Savings Plan, to the extent the executive participates in that plan;
- A lump sum payment representing the Company-financed portion of the premium toward medical, dental and life insurance coverages for the number of years equal to the applicable cash severance multiple for the executive, grossed-up for federal income taxes; and
- A lump sum payment of \$25,000 toward outplacement and financial counseling services, and, to the extent applicable and allowable by law, reimbursement of legal fees and expenses incurred in defense of the executive's rights under the plan.

Additionally, participants in the CIC Plan are eligible for up to one year of additional age and service credit for purposes of determining retiree eligibility under the Company's medical, dental, life insurance, and lifetime discount programs.

In addition to the benefits provided by the CIC Plan, some of the Company's other plans and programs, such as the Company's equity compensation plans, also include specific benefits payable to associates in the event of a change in control of the Company. The Company's 2012 Long-Term Incentive Plan, 2014 Long-Term Incentive Plan and 2016 Long-Term Incentive Plan provide that vesting of outstanding equity awards is accelerated if the participant's employment is terminated as a result of an involuntary separation from service by the Company other than for Cause within two years of the occurrence of a change in control of the Company.

For purposes of these plans, a change of control is defined as:

- the acquisition by a person or group of more than 50% of the total voting power of the Company's common stock;
- the acquisition by a person or a group within a twelve-month period of 30% of the total voting power of the Company's common stock or the replacement of a majority of the Board within a twelve-month period unless approved by a majority of the Board; or
- the acquisition by a person or group of 40% or more of the assets of the Company.

Potential Payments and Benefits on Termination of Employment

The plans also provide for vesting acceleration of outstanding awards if the participant terminates employment with the Company for Good Reason within two years of the occurrence of a change in control of the Company. The definition of Good Reason under these plans is the same as the definition under the CIC Plan.

Potential Payments and Benefits on Termination of Employment

In order to describe the payments and benefits that are triggered for each termination event for each of the Company's named executive officers, we have created the table below estimating the payments and benefits that would be paid to each of our named executive officers under each applicable element of our compensation program. The table assumes that the named executive officer's employment terminated on February 2, 2018, which was the last business day of the Company's last completed fiscal year.

CEO PAY RATIO

As required by the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the Dodd-Frank Act), we are providing the following information about the relationship of the median annual total compensation of our associates and the annual total compensation of Marvin Ellison, our Chairman of the Board and Chief Executive Officer.

As one of the largest department store and e-commerce retailers in the United States, including operating 872 department stores in 49 states and Puerto Rico as of February 3, 2018, our associate population consists of a significant number of part-time associates, many of which are also compensated on an hourly basis. Approximately 93% of our associates are compensated on an hourly basis and part-time associates represent approximately 65% of our total workforce. Accordingly, our median associate in fiscal 2017 was determined to be a part-time hourly associate.

For fiscal 2017:

- the median of the annual total compensation of all associates of the Company (other than our CEO) was \$14,366; and
- the annual total compensation of our CEO was \$10,818,335.

Based on this information, for fiscal 2017, the ratio of the annual total compensation of our CEO to the median of the annual total compensation of all associates was 753 to 1.

To calculate this ratio, we determined that, as of February 3, 2018, our associate population consisted of approximately 98,700 individuals, with approximately 99% of these individuals located in the United States and approximately 1% located outside the United States. This population consisted of our full-time, part-time, and temporary associates as of such date.

Our associate population, after taking into consideration the adjustments permitted by SEC rules (as described below), consisted of approximately 97,700 individuals. As permitted by SEC rules, we have chosen to exclude all of the associates who are employed outside of the United States from the determination of the median associate. The jurisdictions from which we have excluded associates and the approximate number of associates excluded from each jurisdiction are: Bangladesh (21), China (203), Guatemala (11), India (640), Indonesia (8), Pakistan (17), South Korea (41), Taiwan (48) and Vietnam (15).

To identify the median associate from our associate population, we analyzed the amount of salary, wages and tips of our associates as reflected in our payroll records as reported to the Internal Revenue Service on Form W-2 for the 2017 calendar year. We also annualized the compensation for permanent associates who joined the Company, or were on an unpaid leave of absence for any period of time, after January 1, 2017. We did not perform any full-time equivalency adjustments for part-time associates.

Using this compensation measure, which was consistently applied to all of the associates included in the relevant population, we determined that the median associate was a part-time hourly associate. Once we identified our median associate, we combined all of the elements of such associate's compensation for fiscal 2017 in accordance with the SEC's rules, resulting in annual total compensation of \$14,366. With respect to the annual total compensation of our CEO, we used the amount reported in the "Total" column of our 2017 Summary Compensation Table included in this Proxy Statement.

CEO Pay Ratio

Because the SEC rules for identifying the median of the annual total compensation of our associates and calculating the pay ratio based on that median allow companies to adopt a variety of methodologies, to apply certain exclusions, and to make reasonable estimates and assumptions that reflect their employee populations and compensation practices, the pay ratio reported by other companies may not be comparable to the pay ratio for our Company, as other companies are headquartered in different locations, have different employee populations and compensation practices and may utilize different methodologies, exclusions, estimates and assumptions in calculating their pay ratios.

Cash Retainers and Stock Award

Directors who are Company associates do not receive directors' fees. The Corporate Governance Committee has the responsibility for recommending to the Board the appropriate compensation for non-employee directors. In recommending the appropriate compensation for non-employee directors,

Director Compensation

the Corporate Governance Committee benchmarks the compensation for our non-employee directors against the practices of the Company's retail-focused peer group. Recommendations to modify non-employee director compensation take into account the results of such benchmarking.

For 2017, the annual compensation arrangements for non-employee directors included the following, to the extent applicable:

- An annual cash retainer of \$80,000;
- An annual award of restricted stock units with a market value at the time of grant of \$150,000;
- An annual cash retainer of \$20,000 for the chairs of the Audit Committee and the Human Resources and Compensation Committee;
- An annual cash retainer of \$15,000 for the chairs of the Corporate Governance Committee and the Finance and Planning Committee;
- An annual cash retainer of \$30,000 for the Lead Independent Director;
- An annual cash retainer of \$100,000 for a Non-Executive Chairman of the Board; and
- An annual cash retainer of \$5,000 for directors who are Representatives under an Indemnification Trust Agreement among the Company, its wholly owned subsidiary, J. C. Penney Corporation, Inc., and SunTrust Bank, as trustee (currently Directors Ginsberg and Turner).

Director compensation covers the period from June 1 to May 31 following the election of directors at the annual meeting in May. The cash retainers are payable quarterly. Non-employee directors are reimbursed for expenses incurred for attending any meeting which they attend in their official capacities as directors.

Director equity awards granted prior to 2017 do not vest until the director's service ends. Beginning with the 2017 annual restricted stock unit grant for non-employee directors, each non-employee director may elect (i) to have their equity award vest on the first anniversary of the date of grant, (ii) to have their equity award vest when the director's service ends or (iii) to have a portion of the award vest on the first anniversary of the date of grant with the remaining portion vesting when the director's service ends. Non-employee directors may not transfer, sell, assign or otherwise dispose of any shares of common stock received in connection with an annual equity award while serving as a director, except for a sale in limited circumstances where necessary for the non-employee director to pay any income taxes arising in connection with the annual equity award.

The Board has adopted formal stock ownership goals for non-employee directors of the Company. The stock ownership goals specify that, within a four-year period from the date of election to the Board, non-employee directors should hold an amount of Company stock having a value of at least three times the annual retainer. All of the current non-employee directors have met or are on track to meet that goal.

Election to Receive Common Stock; Deferral

Directors may elect to receive all or a portion of their cash retainers in Company common stock. One director has currently elected to receive all or part of his cash retainers in Company common stock. A director may also elect to defer payment of all or part of their cash retainers under the terms of a deferred compensation plan for directors. No current director has elected such deferral.

Directors' Charitable Award Program

The Directors' Charitable Award Program was frozen by the Board in 2000. Only one of the current directors participates in the program. The Charitable Award Program was designed to acknowledge the

Director Compensation

service of directors and to recognize the mutual interest of directors and the Company in supporting worthy charitable and educational institutions. Pursuant to the Charitable Award Program, the Company has purchased joint life insurance policies on groups of directors (in the event of an uneven number of directors, a single life policy was purchased). Each group generally consists of two directors with the Company named as the beneficiary of each joint life policy. With respect to each group, the Company will receive a \$1,000,000 death benefit upon the death of the second director of the group. The Company in turn has informally agreed to donate a total of \$1,000,000 to one or more charitable organizations as recommended by the individual directors. The Company will donate \$500,000 upon the earlier of (i) five years after the date of death of the first director of the group to die or (ii) the death of the second director of the group. The Company will donate an additional \$500,000 upon the death of the second director of the group. Because all charitable deductions accrue solely to the Company, the individual directors derive no financial benefits from this program.

Directors' Matching Fund

Members of the Board may be involved with charitable organizations to which they provide support in the form of personal charitable contributions. As with the Charitable Award Program, the Company has established the Directors' Matching Fund to benefit and recognize the mutual interest of directors and the Company in supporting worthy charitable and educational institutions. Under the Directors' Matching Fund, directors may request the Company to match dollar-for-dollar their personal charitable contributions up to \$10,000 per fiscal year. All or part of the matching contributions may be allocated to one or several organizations that have been determined to be charitable organizations under Section 501(c)(3) of the Code or that are a political subdivision of the state. Matches may only be made on personal gifts that have been paid within that fiscal year, not pledged.

AUDIT FUNCTION

Report of the Audit Committee

Composition and Qualifications

The Audit Committee of the Board is composed of five independent directors and operates under a written charter, in accordance with applicable rules of the SEC and the NYSE. The Corporate Governance Committee and the full Board considers membership for the Audit Committee annually. The current members of the Audit Committee are Lisa A. Payne, Debora A. Plunkett, Leonard H. Roberts, Javier G. Teruel and B. Craig Owens, who serves as its Chair. The Board of Directors has determined that each member is “financially literate” and that each of Ms. Payne and Messrs. Owens, Roberts and Teruel qualifies as an “audit committee financial expert,” as those terms are defined by the NYSE and the SEC.

Purpose

The purpose of the Audit Committee is to assist the Board in monitoring: (i) the Company’s accounting and financial reporting processes, including internal control over financial reporting; (ii) the Company’s compliance with legal and regulatory requirements; (iii) the independence and qualifications of the Company’s independent auditor; and (iv) the performance of the Company’s internal auditors and independent auditor.

Responsibilities

Management is responsible for maintaining adequate internal control over financial reporting. KPMG LLP is responsible for expressing opinions on the conformity of the Company’s audited consolidated financial statements with U.S. generally accepted accounting principles and on the effectiveness of the Company’s internal control over financial reporting. The Audit Committee’s responsibility is to monitor and oversee these processes. The Audit Committee is also solely responsible for the selection and termination of the Company’s independent auditor, including the approval of audit fees and non-audit services provided by and fees paid to the independent auditor.

In evaluating and selecting the Company’s independent auditor, the Audit Committee considers, among other things, historical and recent performance of the current independent auditor, an analysis of known significant legal or regulatory proceedings related to the independent auditor, external data on audit quality and performance, including Public Company Accounting Oversight Board (PCAOB) reports, industry experience, audit fee revenues, independent auditor capabilities and audit approach, and the independence and tenure of the independent auditor.

Review of Financial Information

In this context, the Audit Committee has met and held discussions with management of the Company, who represented to the Audit Committee that the Company’s audited consolidated financial statements were prepared in accordance with U.S. generally accepted accounting principles. The Audit Committee has reviewed and discussed the audited consolidated financial statements, management’s assessment of the effectiveness of the Company’s internal control over financial reporting, and KPMG LLP’s evaluation of the Company’s internal control over financial reporting with both management and the independent auditor.

Audit Function

The Audit Committee also discussed with the independent auditor the matters required to be discussed by Auditing Standard No. 1301 (Communications with Audit Committees). The Audit Committee has received the written disclosures and the letter from the independent auditor required by applicable requirements of the PCAOB regarding the independent auditor's communications with the Audit Committee concerning independence, and the Audit Committee discussed with the independent auditor its independence, including the extent to which the independent auditor provides non-audit services to the Company. The Audit Committee also participated in the certification process relating to the filing of certain reports pursuant to the Exchange Act.

Inclusion of Consolidated Financial Statements in Form 10-K

Based on the review and discussions referred to above, the Audit Committee recommended to the Board that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended February 3, 2018 for filing with the SEC.

Independent Auditor

The Audit Committee also recommends that the Company's stockholders ratify KPMG LLP as the Company's independent auditor for the 2018 fiscal year.

Audit Committee's Pre-Approval Policies and Procedures

The Audit Committee must approve any fee for services to be performed by the Company's independent auditor in advance of the service being performed. For proposed projects using the services of the Company's independent auditor that are expected to cost over \$200,000, or 5% of the auditor's fee for the preceding year, whichever is lower, the Audit Committee will be provided information to review and must approve each project prior to commencement of any work. For proposed projects using the services of the Company's independent auditor that are expected to cost less than \$200,000, or 5% of the auditor's fee for the preceding year, whichever is lower, the Audit Committee will be asked to review and approve a maximum amount for certain services, which may include services in any one or more of the following categories: (a) audit fees; (b) audit-related fees; (c) tax fees; and (d) all other fees for any services allowed to be performed by the independent auditor. If additional amounts are needed, the Audit Committee must approve the increased amounts prior to the previously approved maximum being reached and before the work may continue. Approval by the Audit Committee may be made at its regularly scheduled meetings or otherwise, including by telephonic or other electronic communications. The Company will report the status of the various types of approved services and fees, and cumulative amounts paid and owed, to the Audit Committee on a periodic basis as appropriate.

Proposal 2 - Ratification of Appointment of Independent Auditor

PROPOSAL 2 — RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITOR

KPMG LLP, independent certified public accountants, member of the SEC Practice Section of the AICPA Division for CPA firms, and registrant with the PCAOB, has been the auditor of the Company's consolidated financial statements since 1916. Its appointment as the Company's independent auditor for the fiscal year ending February 2, 2019 has been approved by the Audit Committee of the Board. The Audit Committee believes this appointment is in the best interests of the Company and its stockholders. Stockholder ratification of such appointment is requested.

It is anticipated that a representative of KPMG LLP will attend the meeting, will be available to respond to appropriate questions, and will have an opportunity to make a statement should he or she so desire.

The Board recommends a vote FOR the ratification of the appointment of KPMG LLP.

Proposal 3 - Approval of 2018 Long-Term Incentive Plan

PROPOSAL 3 — APPROVAL OF 2018 LONG-TERM INCENTIVE PLAN

Introduction

The Board has adopted, subject to stockholder approval, the J. C. Penney Company, Inc. 2018 Long-Term Incentive Plan, to be effective May 25, 2018 (the 2018 Plan). The principal features of the 2018 Plan are summarized below, but such description is qualified in its entirety by reference to the full text of the 2018 Plan which is included as Annex A to this Proxy Statement. All capitalized terms not defined in this Proposal 3 will have the meanings set forth in Annex A to this Proxy Statement.

The 2018 Plan is intended to provide long-term incentives to associates and non-associate directors of the Company in order to align the interests of such associates and non-associate directors with those of the Company's stockholders, to motivate associates to achieve business objectives promoting the long-term growth, profitability and success of the Company, and to assist the Company in retaining and attracting the best associates and non-associate directors.

The 2018 Plan will be administered by, or under the direction of, a committee of the Board constituted in such a manner as to comply at all times with Rule 16b-3 or any successor rule promulgated by the SEC under the Exchange Act, as in effect from time to time. The Board has designated the Human Resources and Compensation Committee of the Board as the plan committee (the Plan Committee).

The 2018 Plan allows for grants of stock options, stock appreciation rights (SARs) and stock awards (collectively, Equity Awards) and cash incentive awards (together with Equity Awards, collectively, Awards) to associate participants and Equity Awards to non-associate director participants. Under the 2018 Plan, Awards to associate participants may be subject to conditions such as continued employment, qualifying termination, passage of time and/or satisfaction of performance criteria as specified in the 2018 Plan or set by the Plan Committee.

The Board recommends a vote FOR the proposal to approve the 2018 Plan.

Principal Features of the 2018 Plan

General. The principal features of the 2018 Plan are:

- Fungible share design in which each stock option and SAR will count as one share issued and each stock award, including restricted stock and restricted stock units, will count as 1.63 shares issued;
- Reserves a total of 17,239,263 shares of common stock, or 28,100,000 options, for use under the 2018 Plan;
- Minimum one-year vesting for Equity Awards, except in certain limited situations;
- Annual limit on Equity Awards granted to each non-associate director of \$500,000 based on grant date fair value;
- Performance Awards are to be tied to Performance Goals to be set by the Plan Committee;
- Independent administration of the 2018 Plan by the Plan Committee;
- Limits Incentive Stock Options (ISOs) to no more than 28,100,000 options;
- Limits performance-based cash incentive awards to any participant in any calendar year to the product of \$2,000,000 and the number of years in the performance cycle of the award;
- Limits stock option and SAR awards to any one participant to no more than 4,000,000 options during any fiscal year;

Proposal 3 - Approval of 2018 Long-Term Incentive Plan

- Limits performance-based Equity Awards to any one participant to no more than 3,000,000 shares during any fiscal year;
- Provides that shares subject to Awards under the 2018 Plan or under prior plans that are cancelled or forfeited, or terminate, lapse or expire for any reason, or settle without delivery of the shares of common stock underlying such Award, may again be available for issuance;
- Prohibits repricing, exchange and buyout of stock options and SARs without prior stockholder approval;
- Stock option and SAR terms may not exceed 10 years from the date of grant, except in certain limited circumstances; and
- Prohibits payouts of dividend or dividend equivalents on unvested Equity Awards.

Associate Participants

General. Associate participants in the 2018 Plan are generally to be selected management employees of the Company and its subsidiaries as determined by the Plan Committee. Currently, it is anticipated that approximately 500 associates will be eligible to participate.

Stock Options. Option grants will generally be made in amounts based on an associate participant's position, responsibilities or salary and such other factors as the Plan Committee may deem relevant. An associate participant may receive one or more option grants and may receive Non-Qualified Stock Options (NSOs) and ISOs, as determined by the Plan Committee. The Plan Committee may determine any other terms, conditions or restrictions relating to option grants as it may deem appropriate, subject to certain restrictions set forth in the 2018 Plan.

Price. The option price under each option may not be less than 100% of the fair market value of JCPenney common stock on the date of grant, which is the closing price of JCPenney common stock on the NYSE on the applicable date. The closing price of JCPenney common stock on March 26, 2018, as reported on the NYSE, was \$2.95 per share. The exercise price of the shares as to which a Stock Option is exercised may be paid in cash, with shares of JCPenney common stock already owned by the associate or through withholding of shares that would otherwise be received as a result of the Stock Option exercise, except as otherwise set forth in the Award Notice or Award Agreement pertaining to the Stock Option.

Stock Awards. The Plan Committee may award shares of common stock or stock units to such associate participants and on such bases as it may determine. The Plan Committee may determine the types of awards made, the number of shares, and any other terms, conditions or restrictions relating to the awards, as it may deem appropriate.

Stock Appreciation Rights. SARs may be granted to such associate participants and on such terms and conditions as the Plan Committee may determine and may be granted independently or in tandem with related awards or options, either concurrently with or after the related award or option date. A SAR will generally entitle an associate participant to receive the number of shares of JCPenney common stock equal in value to the excess of the fair market value of each share of JCPenney common stock covered by the SAR on the date of exercise over the exercise price of the SAR, but may, at the discretion of the Plan Committee, be settled in cash.

Cash Incentive Awards. The Plan Committee may also grant cash incentive awards to such associate participants on such terms and conditions as it may determine. Cash incentive awards are annual or long-term performance-based awards expressed in U.S. dollars.

Proposal 3 - Approval of 2018 Long-Term Incentive Plan

Performance-Based Awards. Any Award granted pursuant to the 2018 Plan may be made in the form of a performance-based Award. Performance-based Awards are made based on the measurement of performance against certain Performance Goals over a Performance Period. The Plan Committee may use one or more of several business criteria for the purpose of establishing a Performance Goal, including:

- Earnings Per Share;
- Total Stockholder Return;
- Operating Income;
- Net Income;
- Cash Flow;
- Gross Profit;
- Gross Profit Return on Investment (or Inventory);
- Return on Equity;
- Return on Capital;
- Sales;
- Revenues;
- Gross Margin;
- Gross Margin Return on Investment (or Inventory);
- Earnings Before Interest, Taxes, Depreciation and Amortization;
- Earnings Before Interest and Taxes; and
- Operating Profit.

The Plan Committee may establish any special adjustments in calculating whether Performance Goals have been met including taking into consideration the effect of any event not directly related to the operations of the Company or not within the reasonable control of management. A performance-based cash incentive award may not have a Performance Period of less than one year.

Terms of Options and SARs. An option or SAR granted under the 2018 Plan will become exercisable on such terms and at such times as the Plan Committee may determine. In the event of employment termination due to death, disability, retirement or other circumstances, as deemed appropriate by the Plan Committee, the 2018 Plan authorizes post-termination exercise periods, but not beyond the options' or SARs' original expiration date. In no event may an ISO be exercised more than 10 years after its grant date. Generally, an NSO and a SAR may not be exercised more than 10 years after its grant date, or such shorter time period as determined by the Plan Committee.

Transferability. No unearned Stock Award or vested or unvested Stock Option, or any portion thereof, may be assigned or transferred except by will or the laws of descent or distribution, or by such other means as the Plan Committee, in its discretion, may approve. No Stock Option or SAR shall be exercisable during the associate participant's lifetime except by the associate participant or the associate participant's guardian or legal representative, or other third party, as the Plan Committee may determine.

Deferral. Unless specifically provided for in the Award Notice or Award Agreement or unless the Plan Committee otherwise determines, no Equity Award shall provide any feature for the deferral of compensation as defined by Treasury Regulation section 1.409A-1(b). Any deferral will be for such period and in accordance with the terms and conditions as the Plan Committee may determine and must be in compliance with Section 409A of the Internal Revenue Code, as in effect from time to time (the Code). The terms and conditions applicable to such deferral and the terms and conditions evidencing compliance with Code Section 409A shall be set forth in the Award Notice or Award Agreement or the Plan Committee's determinations. The method of payment for, and type and

Proposal 3 - Approval of 2018 Long-Term Incentive Plan

character of, any Award may not be altered by any deferral unless specifically permitted under Code Section 409A and the Treasury Regulations thereunder.

Term of Plan. The 2018 Plan will terminate on May 31, 2023. After this date, no Awards may be made under the 2018 Plan.

Change in Control. Upon an involuntary termination of an associate participant's employment within two years following a Change in Control, the associate participant shall have the right to exercise any and all Stock Options and SARs held by such associate participant, and all Stock Awards held by such associate participant shall immediately vest, be deemed to have been earned, and any Performance Goal for the then applicable Performance Period met, on such terms and conditions as may be determined by the Plan Committee at the time of the grant or award. The Plan Committee has the discretion on a Change in Control to terminate the 2018 Plan and distribute amounts that were vested as of the effective date of the Change in Control within 12 months of the Change in Control event.

Federal Income Tax Consequences

The following discussion summarizes the United States federal income tax consequences under current federal tax law generally arising with respect to awards granted under the 2018 Plan. This summary is not intended to be exhaustive and the exact tax consequences to any participant will depend on various factors and the participant's particular circumstances. This summary is based on present laws, regulations and interpretations and is not a complete description of federal tax consequences. This summary of federal tax consequences may change in the event of a change in the Code or regulations thereunder or interpretations thereof. We urge participants in the 2018 Plan to consult their tax advisors with respect to any state, local and foreign tax considerations or particular federal tax implications of awards made under the 2018 Plan prior to taking action with respect to an award. The 2018 Plan is not intended to be a "qualified plan" under Section 401(a) of the Code.

Non-Qualified Stock Options. An associate participant will not be subject to tax at the time an NSO is granted, and no tax deduction is then available to the Company. On the exercise of an NSO, the associate participant will realize ordinary income in an amount equal to the difference between the exercise price and the fair market value of the shares acquired on the date of exercise. The Company will generally be entitled to deduct an amount equal to the ordinary income realized by the associate participant in the Company's tax year in which the associate participant realizes the ordinary income. On disposition of shares acquired on exercise, appreciation or depreciation after the date of exercise will generally be treated by the associate participant as a capital gain or loss, as applicable.

Incentive Stock Options. An associate participant will not be subject to regular income tax at the time an ISO is granted or exercised, and no tax deduction is then available to the Company; however, the associate participant may be subject to the alternative minimum tax (AMT) on the excess of the fair market value of the shares received on exercise of the ISO (the ISO Shares) over the exercise price. On disposition of ISO Shares, the associate participant will generally recognize capital gain or loss in an amount equal to the difference between the exercise price and the sale price, as long as the participant has not disposed of the shares within two years after the date of grant or within one year after the date of exercise (a disqualifying disposition) and has been employed by the Company or a subsidiary at all times from the grant date until the date three months before the date of exercise (one year in the case of disability).

If the associate participant disposes of ISO Shares in a disqualifying disposition, the participant will recognize ordinary income equal to the excess of the fair market value of the ISO Shares on the date the ISO is exercised over the exercise price with any remaining gain or loss being treated as capital

Proposal 3 - Approval of 2018 Long-Term Incentive Plan

gain or loss, respectively. The Company is not entitled to a tax deduction on either the exercise of an ISO or on the disposition of ISO Shares, except to the extent that the participant recognizes ordinary income on disposition of the shares. If in the event an option intended to be an ISO fails to qualify as an ISO, for example if the associate participant does not satisfy both the employment requirements in connection with the exercise of the ISO and the holding period requirement, the ISO will be taxed as an NSO as described above.

Payment of the Exercise Price with Stock. If an associate participant surrenders common stock that the associate participant already owns as payment for the exercise price of a stock option, the associate participant will not recognize gain or loss as a result of the surrender, except under certain circumstances related to the surrender of ISO Shares for which the holding period requirement has not been satisfied. A number of shares received on exercise of the option equal to the number of shares surrendered will have a tax basis equal to the tax basis of the surrendered shares. The holding period for those shares will include the holding period for the shares surrendered. The remaining shares received will have a basis equal to the amount includible in the associate participant's taxable income on receipt of such shares. The associate participant's holding period for the remaining shares will commence on the date of exercise.

Stock Awards. An associate participant will be taxed on the fair market value of the shares of common stock in the taxable year in which the grant occurs, unless the underlying shares are substantially nonvested (i.e. both nontransferable and subject to a substantial risk of forfeiture). An associate participant who wishes to recognize income with respect to substantially non-vested shares in the taxable year in which the grant occurs may, however, do so by making a special election, a so-called Section 83(b) Election, to pay tax in the year the grant is made.

An associate participant who is subject to Section 16(b) of the Exchange Act who receives stock will recognize ordinary income equal to the fair market value of the shares of stock received at the later of (i) the applicable date, or (ii) the earlier of: (a) the date on which the shares are transferable, or (b) the date on which the restrictions lapse, unless the associate participant makes a Section 83(b) Election to report the fair market value of such shares received as ordinary income in the taxable year of receipt. The Company may deduct an amount equal to the income recognized by the associate participant, provided that the associate participant is a covered employee under Section 162(m) of the Code and the associate participant's compensation is within the statutory limitations of Section 162(m) of the Code.

On the sale or disposition of shares of stock, an associate participant will recognize taxable income equal to the difference between the amount realized by the associate participant on the disposition of the stock and the associate participant's basis in the stock. The basis of the restricted shares will be equal to the fair market value of the shares of stock on the date the associate participant recognizes ordinary income as described above. The gain or loss will be taxable to the associate participant as a capital gain or deductible by the associate participant as a capital loss (either short-term or long-term, depending on the holding period of the stock), provided that the associate participant held the stock as a capital asset.

Restricted Stock Unit Awards. An associate participant will not be subject to tax at the time a restricted stock unit is granted, and no tax deduction is then available to the Company. On vesting of the restricted stock unit, an associate participant will generally realize ordinary income equal to the value of the shares of common stock or cash received. The basis of any shares delivered in payment for restricted stock units will be equal to the fair market value of the shares on the date the associate participant recognizes ordinary income as described above. The Company will deduct an amount equal

Proposal 3 - Approval of 2018 Long-Term Incentive Plan

to the income recognized by the associate participant, provided that the associate participant is a covered employee under Section 162(m) of the Code and the associate participant's compensation is within the statutory limitations of Section 162(m) of the Code.

Stock Appreciation Rights and Other Stock-Based Awards. An associate participant will not be subject to tax at the time a SAR is granted, and no tax deduction is then available to the Company. On exercise of a SAR, the associate participant will generally realize ordinary income equal to the value of the shares of common stock or cash received. The Company will deduct an amount equal to the income recognized by the associate participant, provided that the associate participant is a covered employee under Section 162(m) of the Code and the associate participant's compensation is within the statutory limitations of Section 162(m) of the Code.

Section 162(m) of the Code

Section 162(m) of the Code generally disallows a public company's tax deduction for compensation paid to its covered employees as defined in Section 162(m) of the Code to the extent such compensation exceeds \$1,000,000 in any tax year. While the Company understands that Awards will generally be subject to the deduction limitations of Section 162(m), the Company reserves the right to make grants that are not tax deductible, and the Company's tax deductions for those grants may be limited or eliminated as a result of the application of Section 162(m).

Section 409A of the Code

For associate participants who are "key employees," as defined in Section 409A of the Code and regulations promulgated under that Section, distributions of certain deferral amounts may occur no earlier than six months following the key employee's separation from service from the Company. It is the intent of the Company that no Awards under the 2018 Plan be subject to Section 409A of the Code unless and to the extent that the Plan Committee specifically determines otherwise.

The terms and conditions of any Award that the Plan Committee determines will be subject to Section 409A will be set forth in the applicable Award Notice or Award Agreement and will be designed to comply in all respects with Section 409A. If the Award fails to comply with the applicable requirements of Section 409A, the deferred compensation for the year in which the failure to comply with Section 409A occurs and for all preceding taxable years under the Award and any other plan or arrangement required to be aggregated with the Award may be includible in the participant's gross income for the taxable year in which the failure occurs, to the extent such amounts are not subject to a substantial risk of forfeiture and have not previously been included in the participant's gross income. The amounts so included are also subject to an additional income tax equal to twenty percent of the amount required to be included in gross income and to interest equal to the underpayment rate specified by the IRS plus one percentage point, on the underpayments of income tax that are deemed to have occurred because the compensation was not included in income for the taxable year when it was first deferred, or if later, when the compensation was no longer subject to a substantial risk of forfeiture.

Non-Associate Director Participants

General. Each director who is presently not an employee of the Company (Non-Associate Director) will generally be awarded an annual Equity Award in an amount which the Board determines and pursuant to such terms, conditions and restrictions as determined by the Board. Annual Equity Awards granted to each Non-Associate Director may not exceed \$500,000 based on grant date fair value.

Proposal 3 - Approval of 2018 Long-Term Incentive Plan

Currently, there are ten Non-Associate Directors eligible to participate in the 2018 Plan. An initial grant will also automatically be granted to each new Non-Associate Director participant on his or her first being elected as a director in a pro rata amount of the annual Equity Award for that year, based on the date of election.

Non-Transferability. A Non-Associate Director participant may not transfer, sell, assign, pledge or otherwise encumber or dispose of any shares of common stock received in connection with an annual Equity Award while serving as a director, except for a sale only in limited circumstances where necessary for the Non-Associate Director to pay any federal, state or local income taxes arising in connection with the Award.

Federal Income Tax Consequences. The federal income tax implications for Non-Associate Director participants are substantially similar to those for associate participants, except that Non-Associate Director participants may not receive ISOs or cash incentive awards. Any election to defer compensation and any election to defer distributions will be made in compliance with Section 409A of the Code, if applicable.

Miscellaneous

The Board may amend the 2018 Plan from time to time as it deems advisable and may terminate the 2018 Plan at any time. Amendments to increase the total number of shares of the common stock reserved under the 2018 Plan or that otherwise constitute material changes to the 2018 Plan under applicable tax or securities laws or the listing standards of the NYSE require stockholder approval. Except as otherwise provided in or permitted by the 2018 Plan or by the terms, if any, of an Award under the 2018 Plan, no termination or amendment of the 2018 Plan or change in the terms of an outstanding Award may adversely affect the rights of the holder of any Award without the consent of the holder. If the 2018 Plan is approved by stockholders, no further awards will be granted under any prior plan after the effective date of the 2018 Plan.

Proposal 4 - Advisory Vote on Compensation of our Named Executive Officers

PROPOSAL 4 — ADVISORY VOTE ON COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

The Human Resources and Compensation Committee of the Board is responsible for establishing and implementing our executive compensation program. The Human Resources and Compensation Committee determines compensation for each named executive officer other than the CEO. The compensation of the CEO is determined by all of the independent directors of the Board, taking into account the Human Resources and Compensation Committee's recommendations. Our executive compensation program is designed to link pay to Company performance and align the pay of our named executive officers with the interests of our stockholders. Stockholders are encouraged to read the "Compensation Discussion and Analysis" section for a more detailed discussion of how the Company's compensation program reflects our overall philosophy and objectives.

As required by Section 14A of the Exchange Act and pursuant to the Dodd-Frank Act, we are asking stockholders to vote on the following resolution:

RESOLVED, that the Company's stockholders approve, on an advisory basis, the compensation of the named executive officers described in this Proxy Statement in the Compensation Discussion and Analysis section and the tabular disclosure regarding named executive officer compensation together with the accompanying narrative disclosure, as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission.

As an advisory vote, this proposal is non-binding. Although the vote is non-binding, the Board values the opinions of the Company's stockholders and will take into account the outcome of the vote when considering future compensation decisions. At the 2017 Annual Meeting of Stockholders, the Board recommended, and the stockholders approved, holding an annual vote on the compensation of our named executive officers.

The Board recommends a vote FOR the approval of the compensation of the named executive officers.

About the Annual Meeting

ABOUT THE ANNUAL MEETING

JCPenney's Board is soliciting your vote at the 2018 Annual Meeting of Stockholders.

What will I be voting on?

You will be voting on:

- Election of eleven directors nominated by the Board;
- Ratification of the appointment of KPMG LLP as JCPenney's independent auditor for the fiscal year ending February 2, 2019;
- Approval of the J. C. Penney Company, Inc. 2018 Long-Term Incentive Plan;
- Advisory vote on executive compensation; and
- Any other business that may properly come before the meeting.

What are the Board of Directors' voting recommendations?

The Board recommends that you vote your shares "For" each of the Board's nominees for director, "For" the ratification of the appointment of KPMG LLP as independent auditor for the fiscal year ending February 2, 2019, "For" the approval of the J. C. Penney Company, Inc. 2018 Long-Term Incentive Plan and "For" the approval of our executive compensation in connection with the advisory vote on executive compensation.

Who is entitled to vote?

All stockholders who owned JCPenney common stock at the close of business on the record date, March 26, 2018, are entitled to attend and vote at the Annual Meeting.

How many votes do I have?

You will have one vote for every share of JCPenney common stock you owned on the record date.

How many votes can be cast by all stockholders?

Each share of JCPenney common stock is entitled to one vote. There is no cumulative voting. On March 26, 2018, JCPenney had 313,751,874 shares of common stock outstanding and entitled to vote.

How many shares must be present to hold the Annual Meeting?

A majority of the outstanding shares of JCPenney common stock as of the record date, or 156,875,938 shares, must be present at the Annual Meeting in order to hold the meeting and conduct business. This is called a quorum.

Shares are counted as present at the Annual Meeting if stockholders are present and vote in person or a proxy card has been properly submitted by or on behalf of a stockholder. Abstentions and broker non-votes are counted for purposes of determining the presence of a quorum.

How many votes are required to elect directors and adopt the other proposals?

You may vote “For” or “Against” with respect to the election of directors. Our Bylaws provide that in a non-contested election, each director must be elected by the affirmative vote of the majority of the votes cast with respect to that director’s election. Accordingly, abstentions and broker non-votes will have no effect on the election of a director. Any director nominee who is an incumbent director and is not re-elected must promptly tender his or her resignation, and the Board, excluding the director who tenders his or her resignation, must promptly decide whether to accept or reject the resignation.

Ratification of the appointment of KPMG LLP as JCPenney’s independent auditor requires the affirmative vote of a majority of the shares of JCPenney common stock present in person or by proxy that are entitled to vote on such matter. If you abstain from voting on this matter, your shares will be counted as present for purposes of establishing a quorum, and the abstention will have the same effect as a vote *against* the proposal. Broker non-votes will also have the same effect as a vote *against* the proposal.

Approval of the J. C. Penney Company, Inc. 2018 Long-Term Incentive Plan and approval of our executive compensation in connection with the advisory vote on executive compensation requires the affirmative vote of a majority of the shares of JCPenney common stock present in person or by proxy that are entitled to vote on each such matter. If you abstain from voting on either of these matters, your shares will be counted as present for purposes of establishing a quorum, and the abstention will have the same effect as a vote *against* the particular proposal. Broker non-votes are not entitled to be cast for these matters and accordingly will have no effect on the approval of these matters.

Why did I receive a one-page notice in the mail regarding the Internet availability of proxy materials instead of a full set of proxy materials?

In accordance with rules adopted by the SEC, rather than mailing a printed copy of our proxy materials to each stockholder of record, we may send some or all of our stockholders a Notice of Internet Availability of Proxy Materials (the Notice), which indicates how our stockholders may:

- access their proxy materials and vote their proxies over the Internet;
- make a one-time request to receive a printed set of proxy materials by mail; or
- make a permanent election to receive all of their proxy materials in printed form by mail or electronically by email.

How can I get electronic access to the proxy materials?

The Notice provides you with instructions regarding how to:

- view our proxy materials for the Annual Meeting over the Internet; and
- instruct us to send our future proxy materials to you electronically by email instead of sending you printed copies by mail.

Choosing to receive your future proxy materials by email will save us the cost of printing and mailing documents to you and will reduce the impact of our annual meetings of stockholders on the environment. If you choose to receive future proxy materials by email, you will receive an email next year with instructions containing a link to those materials and a link to the proxy voting site. Your election to receive proxy materials by email will remain in effect until you terminate it. Our Annual Report on Form 10-K accompanies these proxy materials but is not considered part of the proxy soliciting materials.

Can I change my vote after I execute my proxy?

You can revoke a proxy at any time prior to its exercise at the Annual Meeting. You can send in a new proxy card with a later date if you received your proxy materials by mail, or cast a new vote by telephone or Internet, or send a written notice of revocation to JCPenney's Corporate Secretary at the address on the first page of this Proxy Statement. This voting instruction card will allow you to instruct State Street Bank and Trust Company, as trustee for the Traditional Plan and the Safe Harbor Plan, how to vote your shares. If you do not vote your shares in the Traditional Plan or the Safe Harbor Plan, State Street Bank and Trust Company will vote them in the same proportion as those shares for which it has received voting instructions.

About the Annual Meeting

Will my vote be kept confidential?

Yes. JCPenney's policy is that all proxy or voting instruction cards, ballots and vote tabulations which identify the vote of an individual stockholder are to be kept secret. Your vote will only be disclosed:

- to allow the independent election inspectors to certify the results of the vote;
- if JCPenney is legally required to disclose your vote or is defending or asserting claims in a lawsuit;
- if there is a proxy contest involving JCPenney; or
- if you make a written comment on your proxy or voting instruction card or ballot.

Who pays for this proxy solicitation?

JCPenney does. In addition to soliciting proxies by mail, JCPenney may solicit proxies by telephone, personal contact and electronic means. No director, officer or employee of JCPenney will be specially compensated for these activities. JCPenney has hired Morrow Sodali LLC, a proxy solicitation firm, to assist in soliciting proxies for an estimated fee of \$12,000 plus reimbursement for reasonable expenses.

JCPenney will also reimburse brokers, fiduciaries and custodians for their costs in forwarding proxy materials to beneficial owners of JCPenney common stock.

Could other matters be decided at the Annual Meeting?

ARTICLE III SHARES SUBJECT TO THE PLAN

3.1 Shares Available for Awards. Subject to the provisions of this Article 3.1, and adjustment as provided in Section 12.7, the maximum number of shares of Common Stock available for Awards under the Plan is 28,100,000 shares of Common Stock, less 1 share of Common Stock for every one (1) share that was subject to an option or stock appreciation right granted after February 3, 2018 and prior to the effective date of the Plan under any Prior Plan, and 1.6 shares of Common Stock for every

Annex A - 2018 Long-Term Incentive Plan

1 share that was subject to an award other than an option or stock appreciation right granted after February 3, 2018 and prior to the effective date of the Plan under any Prior Plan. The aggregate number of shares of Common Stock available for Awards under the Plan will be reduced by 1 share of Common Stock for each share subject to a Stock Option or a Stock Appreciation Right and 1.63 shares of Common Stock for each share subject to a Stock Award. The shares of Common Stock available for delivery under this Plan may consist of Common Stock held in treasury, authorized but unissued shares of Common Stock, or shares of Common Stock purchased or held by the Company or a Subsidiary for purposes of the Plan, or shares available from the Prior Plan, or any combination thereof. After the effective date of the Plan, no other awards may be granted under any Prior Plan.

3.2 Shares Again Available. If (i) any shares of Common Stock subject to an Award are forfeited or cancelled, or any such Award terminates, lapses, or expires, is settled without full delivery of the shares of Common Stock underlying the Award, or (ii) after February 3, 2018, any shares of Common Stock subject to an award under any Prior Plan are forfeited or cancelled, or any such award terminates, lapses, or expires, is settled without full delivery of the shares of Common Stock underlying the award, then in each such case the shares of Common Stock subject to such Award or award under any Prior Plan will, to the extent of any such forfeiture, termination, lapse, cancellation, or expiration be added to the shares available for issuance under the Plan. In the event that withholding tax liabilities arising from an Award other than an Option or Stock Appreciation Right or, after February 3, 2018, an award other than an option or stock appreciation right under any Prior Plan are satisfied by the tendering of shares (either actually or by attestation) or by the withholding of shares by the Company, the shares so tendered or withheld shall be added to the shares available for Awards under the Plan. Each share of Common Stock that again becomes available for an Award as provided in this Section 3.2 will increase the total number of shares of Common Stock available for Awards under Section 3.1 by (i) 1 share of Common Stock if that share of Common Stock was subject to a Stock Option or Stock Appreciation Right under the Plan or a stock option or stock appreciation right under a Prior Plan, and (ii) 1.63 shares of Common Stock if that share of Common Stock was subject to a Stock Award or a stock award under a Prior Plan. Notwithstanding the foregoing, shares of Common Stock (a) tendered by a Participant or withheld by the Company in payment of the exercise price of an Option, or after February 3, 2018, an option under any Prior Plan, (b) not issued on the net settlement or net exercise of Stock Appreciation Rights, or after February 3, 2018, stock appreciation rights under any Prior Plan, (c) delivered by a Participant or withheld by the Company to pay withholding taxes related to Options or Stock Appreciation Rights or, after February 3, 2018, options or stock appreciation rights under a Prior Plan, or (d) reacquired by the Company on the open market or otherwise using cash proceeds from the exercise of Options or, after February 3, 2018, options under any Prior Plan, will not again become available for issuance and will not be added to the shares authorized for grant under the Plan. For the avoidance of doubt, Option reloading is not permitted under the Plan.

Shares of Common stock issued in connection with Awards that are assumed, converted or substituted pursuant to an event described in Section 12.8 or assumed or issued in substitution of awards to employees of companies acquired by the Company will not reduce the maximum limitation specified in Section 3.1 (nor shall shares subject to a substitute award be added to the shares available for Awards under the Plan as provided above). Further, where the number of shares of Common stock subject to an Award is variable on the Date of Grant, the number of shares to be counted against the shares authorized under the Plan prior to earning the Award will be the maximum number of shares that could be received under the Award.

3.3 Individual Award Limitations on Equity Awards. Subject to the provisions of Sections 12.7 and 12.8, the following individual Award limits will apply:

- (a) During the term of the Plan, the maximum number of shares of Common Stock available for grant as Incentive Stock Options under the Plan will not exceed the maximum number of shares of Common Stock available for Awards under the Plan as provided in Section 3.1.
- (b) During any fiscal year no Participant will be granted Stock Option and Stock Appreciation Right Awards for collectively more than 4,000,000 shares of Common Stock, and Performance Awards with a payout, at maximum, of more than 3,000,000 shares of Common Stock.

ARTICLE IV ADMINISTRATION

The Plan will be administered by, or under the direction of the Committee. The Committee will administer the Plan so as to comply at all times with the Exchange Act and the Code, as applicable, and will otherwise have plenary authority to interpret the Plan and to make all determinations specified in or permitted by the Plan or deemed necessary or desirable for its administration or for the conduct of the Committee's business ("Determinations"). All interpretations and Determinations of the Committee may be made on an individual or group basis, and will be final, conclusive, and binding on all interested parties. The Committee may delegate, to the fullest extent permitted by law, its responsibilities under the Plan to persons other than its members, subject to such terms and conditions as it may determine, other than the making of grants and awards under the Plan to individuals subject to Section 16 of the Exchange Act. With respect to Participants subject to Section 16 of the Exchange Act, transactions under the Plan are intended to comply with all applicable conditions of Rule 16b-3. To the extent any provision of the Plan or any action by the Committee or its delegate fails to so comply, such provision or action will, without further action by any person, be deemed to be automatically amended to the extent necessary to effect compliance with Rule 16b-3, provided; however, that if such provision or action cannot be amended to effect such compliance, such provision or action will be deemed null and void, to the extent permitted by law and deemed advisable by the relevant authority. Each Award to a Participant subject to Section 16 of the Exchange Act under this Plan will be deemed issued subject to the foregoing qualification. Further, except as otherwise specifically provided in an Award Notice or Determinations, Awards under this Plan are generally intended to be exempt from Section 409A of the Code and the Plan will be interpreted accordingly.

ARTICLE V ELIGIBILITY

Under the Plan: (i) Awards may be made to such Associates, including officers and Associate Directors of the Company, as the Committee may determine; and (ii) Equity Awards will be made pursuant to Article X below to individuals who serve as Non-Associate Directors of the Company (including any former Associate Participant). In determining the Associate Participants who are to receive Awards and the number of shares covered by any Equity Award, the Committee may take into account the nature of the services rendered by the Associate Participants, their contributions to the Company's success, their position levels and salaries, and such other factors as the Committee, in its discretion, may consider relevant in light of the purposes of the Plan.

**ARTICLE VI
STOCK OPTIONS AND
STOCK APPRECIATION RIGHTS**

6.1 Terms and Conditions of Stock Options. The Committee may grant Stock Options alone or in addition to other Awards granted under this Plan to any Associate Participant. The Committee will determine (i) whether each Stock Option will be granted as an Incentive Stock Option or a Non-Qualified Stock Option, and (ii) the provisions, terms and conditions of each Stock Option including, but not limited to, the vesting schedule, the number of shares of Common Stock subject to the Stock Option, the exercise price of the Stock Option, the period during which the Stock Option may be exercised, repurchase provisions, forfeiture provisions, methods for payment of the exercise price of the Stock Option, acceleration of vesting, if any, in connection with certain termination events, and all other terms and conditions of the Stock Option, subject to the following:

- (a) **Form of Stock Option Grant.** Each Stock Option granted under the Plan will be evidenced by an Award Notice (which need not be the same for each recipient of a Stock Option Award) that is not inconsistent with the Plan, including any provisions that may be necessary to assure that any Stock Option that is intended to be an Incentive Stock Option will comply with section 422 of the Code. The Award Notice evidencing the Stock Option grant will be delivered to the recipient with a copy of the Plan, and other relevant Stock Option documents, within a reasonable time after the Date of Grant.
- (b) **Exercise Period.** Unless a shorter period is otherwise provided in an Award Notice, each Stock Option will expire and all rights to purchase shares of Common Stock thereunder will cease ten years after the Date of Grant.
- (c) **Exercise Price and Terms.** The exercise price of a Stock Option will be not less than 100% of the Fair Market Value of a share of the Common Stock on the Date of Grant of the Stock Option and during its term the Stock Option will be exercisable only on the event or events determined by the Committee and set forth in the Award Notice.
- (d) **Limitations on Incentive Stock Options.** The aggregate Fair Market Value (determined as of the Date of Grant of a Stock Option) of Common Stock that any Associate is first eligible to purchase during any calendar year by exercise of Incentive Stock Options granted under the Plan and by exercise of incentive stock options (within the meaning of section 422 of the Code) granted under any other incentive stock option plan of the Company or a Subsidiary will not exceed \$100,000. If the Fair Market Value of stock with respect to which all incentive stock options described in the preceding sentence held by any one Participant are exercisable for the first time by such Participant during any calendar year exceeds \$100,000, the Stock Options that are intended to be Incentive Stock Options on the Date of Grant thereof for the first \$100,000 worth of shares of Common Stock to become exercisable in such year will be considered to constitute incentive stock options within the meaning of section 422 of the Code and the Stock Options that are intended to be Incentive Stock Options on the Date of Grant thereof for the shares of Common Stock in the amount in excess of \$100,000 that become exercisable in that calendar year will be treated as Non-Qualified Stock Options. If an Incentive Stock Option is granted to an Associate that owns more than 10% of the total combined voting power of all classes of stock of the Company (i) the exercise price of the Incentive Stock Option will not be less than 110% of the Fair Market Value of a share of the Common Stock on the Date of Grant of the Incentive Stock Option, and (ii) the Incentive Stock Option will expire and all rights to purchase shares of Common Stock thereunder will cease five years after the Date of Grant. If the Code or the Treasury regulations promulgated thereunder are amended after the effective date of the Plan to provide for a different rules

and/or limits governing Incentive Stock Options than those described in this Section 6.1(d), such different rules and/or limit will be incorporated herein and will apply to any Incentive Stock Options granted after the effective date of such amendment.

- (e) **Dividend and Dividend Equivalents.** No grant of a Stock Option may provide for dividends, dividend equivalents, or other similar distributions to be paid in connection with the exercise of the Stock Option.
- (f) **Extension of the Term of a Stock Option.** Notwithstanding any other provision of this Plan to the contrary, if, by its terms, a Stock Option, other than an Incentive Stock Option, would expire when trading in shares of Common Stock is otherwise prohibited by law or by the Company's insider trading policy, as such may be amended from time to time, the term of the Stock Option will be automatically extended until the close of trading on the 30th Trading Date following the expiration of any such prohibition.
- (g) **Vesting Period.** The Committee will determine the types of Stock Options made and any terms and conditions relating to the Stock Options as it considers appropriate, including any vesting conditions necessary to comply with the laws of the State of Delaware. Notwithstanding the foregoing, no portion of a Stock Option may be scheduled to vest in less than one year from the date of grant, provided; however, that up to five percent (5%) of the shares available for award may be granted as Stock Options that vest in whole in less than one year in connection with limited situations such as new hires, Retirements, and similar situations.

6.2 Exercise of Stock Options.

- (a) **Notice.** Stock Options may be exercised only by delivery to the Company, or its designee, of notice, in such form as is permitted by the Committee or its designee, stating the number of shares of Common Stock being purchased, the method of payment, and such other matters as may be considered appropriate by the Company in connection with the issuance of shares of Common Stock upon exercise of the Stock Option, together with payment in full of the exercise price for the number of shares of Common Stock being purchased. The effective date of exercise of a Stock Option (which in no event, may be beyond the expiration date of the Stock Option) will be, unless otherwise provided in Determinations adopted by the Committee:
 - (i) in connection with a sell order for the underlying stock that is a "Sell-to-Cover Order," a "Same-Day-Sale Exercise Order," a Limit Order, a "Good-till" Cancelled Order or the like, the date on which such sell order is actually executed.
 - (ii) in connection with an "Exercise and Hold" (cash exercise) transaction, the date the requisite funds are received by the Company at its home office in Plano, Texas or such other location as the Company may designate, or by a third party duly designated by the Company at the offices of such third party, in the manner determined by the Chief Executive Officer or the Chief Talent Officer, or their respective successors by title or office.

Provided, however, that if the date of exercise, as otherwise determined pursuant to this Section 6.2(a), including any Determinations adopted by the Committee, is not a Trading Date, the date of exercise will be deemed to be the next Trading Date. Further, if an exercise instruction is received after the close of the NYSE on a particular day, it will be deemed received as of the opening of the next Trading Date. If a Stock Option is granted in tandem with any other Equity Award, there will be surrendered and cancelled from the related Equity Award at the time of exercise of the Stock Option, in lieu of exercise

Annex A - 2018 Long-Term Incentive Plan

pursuant to the related Equity Award, that number of shares of Common Stock as equals the number of shares of Common Stock as to which the tandem Stock Option will have been exercised.

- (b) **Early Exercise.** An Award Notice may, but need not, include a provision that permits the Participant to elect at any time while an Associate, to exercise all or any part of the Stock Option before full vesting of the Stock Option, subject to the provisions of Section 6.1(g). Any unvested shares of Common Stock received pursuant to such exercise may be subject to a repurchase right in favor of the Company or a Subsidiary or to any other restriction the Committee determines to be appropriate.
- (c) **Payment.** Payment equal to the aggregate exercise price for the shares subject to a Stock Option and for which notice of exercise has been provided by an Associate Participant, including an Associate Participant that has terminated Employment, to the Company, along with any applicable withholding taxes as described in Section 12.11, will be tendered in full, with the notice of exercise, in cash (by check) or, unless otherwise prohibited in a specific Award Notice or by law or applicable regulation, by:
 - (i) the actual or constructive transfer to the Company of nonforfeitable, non-restricted shares of Common Stock that have been owned by the Participant for more than six months, or such shorter time as may be permitted by applicable law, prior to the date of exercise;
 - (ii) using the net proceeds (after paying all selling fees) from the sale of some (the "Sell-to-Cover Exercise Method") or all (the "Same-Day-Sale Exercise Method"), of the shares of Common Stock received on the exercise of the Stock Option, or from any arrangement pursuant to which an Associate Participant, including those Associate Participants who have terminated Employment, irrevocably instructs a broker-dealer to sell a sufficient portion of such shares to pay the exercise price and any withholding obligation, as described in Section 12.11, and related fees thereon and deliver the sale proceeds directly to the Company. The value of the shares of Common Stock used in payment of the exercise price under the Sell-to-Cover Exercise Method or the Same-Day-Sale Exercise Method will be the price at which the Common Stock was sold by the broker-dealer functioning under the Sell-to-Cover Exercise Method or the Same-Day-Sale Exercise Method on the effective date of exercise as described in Section 6.2(a). The amount of the proceeds to be delivered to the Company by the broker-dealer functioning under the Sell-to-Cover Exercise Method or the Same-Day-Sale Exercise Method will be credited to the Common Stock account of the Company as consideration for the shares of Common Stock to be issued in accordance with the Sell-to-Cover Exercise or the Same-Day-Sale Exercise Method;
 - (iii) by surrender for cancellation of shares of Common Stock at the Fair Market Value per share at the time of exercise under a "net exercise" arrangement; provided, however, that use of a "net exercise" arrangement cannot result in the Stock Option being settled either in whole or in part for cash payable to the Associate Participant;
 - (iv) in accordance with such other procedures or in such other forms as the Committee will from time to time determine; or
 - (v) any combination of the above.

On payment of all amounts due from the Participant, the Company will cause certificates for the Common Stock then being purchased to be delivered as directed by the Associate Participant (or the person exercising the Associate Participant's Stock Option in the event of his death) at its principal business office promptly after the Exercise Date. If the Associate

Annex A - 2018 Long-Term Incentive Plan

Participant has exercised an Incentive Stock Option, the Company may at its option retain physical possession of the certificate evidencing the shares acquired upon exercise until the expiration of the holding periods described in section 422(a)(1) of the Code. The obligation of the Company to deliver shares of Common Stock will, however, be subject to the condition that if at any time the Committee will determine in its discretion that the listing, registration or qualification of the Stock Option or the Common Stock upon any securities exchange or inter-dealer quotation system or under any state or federal law, or the consent or approval of any governmental regulatory body is necessary or desirable as a condition of, or in connection with, the Stock Option or the issuance or purchase of shares of Common Stock thereunder, the Stock Option may not be exercised in whole or in part unless such listing, registration, qualification, consent or approval will have been effected or obtained free of any conditions not acceptable to the Committee.

6.3 Acquisitions and Other Transactions. The Committee may, from time to time, assume outstanding options or stock appreciation rights granted by another entity, whether in connection with an acquisition of such other entity or otherwise, by either (i) granting a Stock Option or Stock Appreciation Right, as applicable, under the Plan in replacement of or in substitution for the option or stock appreciation right assumed by the Company, or (ii) treating the assumed option or stock appreciation right as if it had been granted under the Plan if the terms of such assumed option could be applied to a Stock Option or Stock Appreciation Right, as applicable, granted under the Plan. Such assumption will be permissible if the holder of the assumed option would have been eligible to be granted a Stock Option or Stock Appreciation right, as applicable, hereunder if the other entity had applied the rules of this Plan to such grant. The Committee also may grant Stock Options or Stock Appreciation Rights under the Plan in settlement of or substitution for outstanding options or stock appreciation rights, or obligations to grant future options in connection with the Company's or a Subsidiary's acquiring another entity, an interest in another entity or an additional interest in a Subsidiary whether by merger, stock purchase, asset purchase or other form of transaction. Notwithstanding the foregoing provisions of Sections 6.1 or 6.4(c), in the case of a Stock Option or Stock Appreciation Right issued or assumed pursuant to this Section 6.1(e), the exercise price for the Stock Option or Stock Appreciation Right will be determined in accordance with the principles of Sections 424(a) and 409A of the Code, and the Treasury regulations promulgated thereunder.

Additionally, in the event that a company acquired by the Company or any Subsidiary or with which the Company or any Subsidiary combines has shares available under a pre-existing plan approved by stockholders and not adopted in contemplation of such acquisition or combination, the shares available for grant pursuant to the terms of such pre-existing plan (as adjusted, to the extent appropriate, using the exchange ratio or other adjustment or valuation ratio or formula used in such acquisition or combination to determine the consideration payable to the holders of common stock of the entities party to such acquisition or combination) may be used for Awards under the Plan and shall not reduce the shares authorized for grant under the Plan (and shares subject to such Awards shall not be added to the shares available for Awards under the Plan); provided that Awards using such available shares shall not be made after the date awards or grants could have been made under the terms of the pre-existing plan, absent the acquisition or combination, and shall only be made to individuals who were not Associates or Directors prior to such acquisition or combination.

6.4 Terms and Conditions of Stock Appreciation Rights. The Committee may grant Stock Appreciation Rights alone or in tandem with other Awards granted under this Plan to any Associate. The Committee will determine the provisions, terms and conditions of each Stock Appreciation Right including, but not limited to, the vesting schedule, the number of shares of Common Stock subject to the Stock Appreciation Right, the exercise price of the Stock

Annex A - 2018 Long-Term Incentive Plan

Appreciation Right, the period during which the Stock Appreciation Right may be exercised, repurchase provisions, forfeiture provisions, acceleration of vesting, if any, in connection with certain termination events, and all other terms and conditions of the Stock Appreciation Right, subject to the following:

- (a) **Form of Stock Appreciation Right.** Each Stock Appreciation Right granted under the Plan will be evidenced by an Award Notice (which need not be the same for each recipient of a Stock Appreciation Right) that is not inconsistent with the Plan. The award Notice evidencing the Stock Appreciation Right grant will be delivered to the recipient with a copy of the Plan, and other relevant Stock Appreciation Right documents, within a reasonable time after the Date of Grant.
- (b) **Exercise Period.** Unless a shorter period is otherwise provided in an Award Notice, each Stock Appreciation Right will expire and all rights thereunder will cease ten years after the Date of Grant.
- (c) **Exercise Price and Terms.** The exercise price of a Stock Appreciation Right will be not less than 100% of the Fair Market Value of a share of the Common Stock on the Date of Grant of the Stock Appreciation Right and during its term the Stock Appreciation Right will be exercisable only on the events determined by the Committee and set forth in the Award Notice.
- (d) **Dividend and Dividend Equivalents.** No grant of a Stock Appreciation Right may provide for dividends, dividend equivalents, or other similar distributions to be paid in connection with the exercise of the Stock Appreciation Right.
- (e) **Exercise.** The grant of the Stock Appreciation Right will provide that the holder will be paid for the value of the Stock Appreciation Right in shares of Common Stock or, at the discretion of the Committee or its designee, cash. In the event of the exercise of a Stock Appreciation Right, the holder of the Stock Appreciation Right will receive that number of shares of Common Stock, or, at the discretion of the Committee or its designee, cash equal to the value of such shares of Common Stock having an aggregate Fair Market Value on the date of exercise equal to the value obtained by multiplying (i) either (A) in the case of a Stock Appreciation Right issued in tandem with a Stock Option, the difference between the Fair Market Value of a share of Common Stock on the date of exercise over the exercise price per share of the related Stock Option, or (B) in the case of a stand-alone Stock Appreciation Right, the difference between the Fair Market Value of a share of Common Stock on the date of exercise over the Fair Market Value of a share of Common Stock on the Date of Grant of the Stock Appreciation Right by (ii) the number of shares of Common Stock with respect to which the Stock Appreciation Right is exercised. Notwithstanding the foregoing, the Committee, in its sole discretion, may place a ceiling on the amount payable upon exercise of a Stock Appreciation Right, but any such limitation will be specified at the time that the Stock Appreciation Right is granted and stated in the Award Notice.
- (f) **Tandem Stock Appreciation Rights.** A Stock Appreciation Right granted in tandem with an Incentive Stock Option (i) may be exercised at, and only at, the times and to the extent the related Incentive Stock Option is exercisable, (ii) will expire upon the termination or expiration of the related Incentive Stock Option, (iii) may not result in a Participant realizing more than 100% of the difference between the exercise price of the related Incentive Stock Option and the Fair Market Value of the shares of Common Stock subject to the related Incentive Stock Option at the time the Stock Appreciation Right is exercised, and (iv) may be exercised at, and only at, such times as the Fair Market Value of the shares of Common Stock subject to the related Incentive Stock Option exceeds the exercise price of the related Incentive Stock

Annex A - 2018 Long-Term Incentive Plan

Option. A Stock Appreciation Right granted in tandem with a Non-Qualified Stock Option will be exercisable as provided by the Committee and will have such other terms and conditions as the Committee may determine. A Stock Appreciation Right may be transferred at, and only at, the times and to the extent the related Stock Option is transferable. If a Stock Appreciation Right is granted in tandem with any other Equity Award, there will be surrendered and cancelled from the related Equity Award at the time of exercise of the Stock Appreciation Right, in lieu of exercise pursuant to the related Equity Award, that number of shares of Common Stock as will equal the number of shares of Common Stock as to which the tandem Stock Appreciation Right will have been exercised.

- (g) **Certain Limitations on Non-Tandem Stock Appreciation Rights.** A stand-alone Stock Appreciation Right will be exercisable as provided by the Committee and will have such other terms and conditions as the Committee may determine at the time of grant and include in the Award Notice. A stand-alone Stock Appreciation Right is subject to such acceleration of vesting rights as the Committee may determine and is subject to provisions of Section 6.5 of this Plan with respect to any exercise rights an Associate Participant may have following a termination of Employment.
- (h) **Limited Stock Appreciation Rights.** The Committee may grant Stock Appreciation Rights which will become exercisable only upon the occurrence of such events as the Committee may designate at the time of grant and include in the Award Notice. Such a Stock Appreciation Right may be issued either as a stand-alone Stock Appreciation Right or in tandem with a Stock Option.
- (i) **Method of Exercise.** Subject to the conditions of this Section 6.3 and such administrative regulations as the Committee may from time to time adopt, a Stock Appreciation Right may be exercised only by delivery to the Company, or its designee, of notice, in such form as is permitted by the Committee or its designee, stating the number of shares of Common Stock with respect to which the Stock Appreciation Right is to be exercised. Unless otherwise provided in Determinations adopted by the Committee, the effective date of exercise of a Stock Appreciation Right will be the date of receipt of the written notice by the Company at its home office in Plano, Texas or such other location as the Company may designate, or by a third party duly designated by the Company, in the manner determined by the Company or its designee. If the date of receipt of written notice of exercise is not a Trading Date, the date of exercise will be deemed to be the next Trading Date. Further, if notice of exercise is received after the close of the NYSE on a particular day it will be deemed received as of the opening of the next Trading Date.
- (j) **Extension of the Term of a Stock Appreciation Right.** Notwithstanding any other provision of this Plan to the contrary, if, by its terms, a Stock Appreciation Right would expire when trading in shares of Common Stock is otherwise prohibited by law or by the Company's insider trading policy, as such may be amended from time to time, the term of the Stock Appreciation Right will be automatically extended until the close of trading on the 30th Trading Date following the expiration of any such prohibition.
- (k) **Award Vesting Limitations.** The Committee will determine the types of Stock Appreciation Rights made and any terms and conditions relating to the Stock Appreciation Rights as it considers appropriate, including any vesting conditions necessary to comply with the laws of the State of Delaware. Notwithstanding the foregoing, no portion of a Stock Appreciation Right may be scheduled to vest in less than one year from the date of grant, provided; however, that up to five percent (5%) of the shares available for award may be granted as Stock Appreciation Rights that vest in whole in less than one year in connection with limited situations such as new hires, Retirements, and similar situations.

Annex A - 2018 Long-Term Incentive Plan

6.5 Exercise of a Stock Option or a Stock Appreciation Right Following Termination of Employment. Unless (i) otherwise modified pursuant to Determinations adopted by the Committee, or (ii) a more generous post-termination exercise period is otherwise provided with respect to a particular termination event listed in this Section 6.5 (A) in any written agreement between an Associate Participant and the Company or a Subsidiary that may at any time be in effect, or (B) in the absence of an agreement between an Associate Participant and the Company or a Subsidiary (as determined by the Committee, or its designee) that may at any time be in effect, in an Award Notice, a participant will have the right to exercise a Stock Option or a Stock Appreciation Right following a termination of Employment as follows:

- (a) **Termination of Employment with Cause.** If the Associate Participant's Employment with the Company is terminated for Cause, then, notwithstanding any other provision of this Section 6.4(a), all Stock Options or Stock Appreciation Rights granted to the Associate Participant, whether vested, exercisable or otherwise, will immediately expire, terminate, or be forfeited and cancelled as of the effective date of the Associate Participant's termination of Employment.
- (b) **Voluntary Termination of Employment and Termination of Employment Without Cause.** If an Associate Participant voluntarily terminates employment with the Company, or the Associate Participant's Employment with the Company is terminated involuntarily without Cause, and the termination of the Associate Participant's Employment would not otherwise qualify as a Retirement, any vested but unexercised Stock Options or Stock Appreciation Rights will continue to be exercisable as set forth in the applicable Award Notice. Any Stock Options or Stock Appreciation Rights that are not vested or exercisable on the effective date of the Associate Participant's termination of Employment other than for Cause, will immediately expire, terminate, or be forfeited and cancelled as of the effective date of the Associate Participant's termination of Employment.

Notwithstanding the foregoing, if an Associate Participant's employment terminates due to an involuntary termination of employment without cause and (i) the Associate Participant is a party to any form of executive termination pay agreement between the Associate and the Corporation that does not provide for any period following a termination of employment in which the Associate Participant may exercise any vested but unexercised Stock Option, and (ii) the termination of the Associate Participant's Employment would not otherwise qualify as a Retirement, or a termination as a result of a unit closing, job restructuring, position elimination, reduction in force, or mutual consent as determined by the Committee, or its designee, and as defined in the Company's then existing and effective Separation Pay Plan, any vested but unexercised Stock Options or Stock Appreciation Rights will continue to be exercisable as set forth in the applicable Award Notice.

- (c) **Termination of Employment as a Result of Disability or Retirement.** If the Associate Participant's Employment with the Company is terminated as a result of the Associate Participant's Disability or Retirement, any vested, but unexercised Stock Options or Stock Appreciation Rights will continue to be exercisable through the earlier of (i) five (5) years following the effective date of such termination of the Associate Participant's Employment, and (ii) the Award's original expiration or termination date. Any Stock Options or Stock Appreciation Rights that are not vested or exercisable on the effective date of the Associate Participant's termination of Employment as result of the Associate Participant's Disability or Retirement will immediately expire, terminate, or be forfeited and cancelled as of the effective date of the Associate Participant's termination of Employment.

Annex A - 2018 Long-Term Incentive Plan

- (d) **Termination of Employment as a Result of Death.** If the Associate Participant's Employment with the Company is terminated as a result of the Associate Participant's death, any vested, but unexercised Stock Options or Stock Appreciation Rights will continue to be exercisable by the Associate Participant's Beneficiary through the earlier of (i) five (5) years following the effective date of such termination of the Associate Participant's Employment, and (ii) the Award's original expiration or termination date. Any Stock Options or Stock Appreciation Rights that are not vested or exercisable on the effective date of the Associate Participant's termination of Employment as result of the Associate Participant's death will immediately expire, terminate, or be forfeited and cancelled as of the effective date of the Associate Participant's termination of Employment.
- (e) **Termination of Employment as a Result of a Unit Closing, Job Restructuring, Job Elimination, Reduction in Force, or Mutual Consent.** If the Associate Participant's Employment with the Company is terminated (i) as a result of unit closing, job restructuring, position elimination, reduction in force, or mutual consent as determined by the Committee, or its designee, and as defined in the Company's then existing and effective Separation Pay Plan, and (ii) the termination of the Associate Participant's Employment would not otherwise qualify as a Retirement, any vested but unexercised Stock Options or Stock Appreciation Rights will continue to be exercisable through the earlier of (x) two (2) years following the effective date of the termination of the Associate Participant's Employment, and (y) the Award's original expiration or termination date. Any Stock Options or Stock Appreciation Rights that are not vested or exercisable on the effective date of the Associate Participant's termination of Employment as result of a unit closing, job restructuring or reduction in force will immediately expire, terminate, or be forfeited and cancelled as of the effective date of the Associate Participant's termination of Employment.

6.6 Committee Discretion. Notwithstanding anything to the contrary contained in this Article VI, the Committee or its designee may, after the date of grant, accelerate or waive any conditions to the exercisability of any Stock Option or Stock Appreciation Right granted under the Plan, and may permit all or any portion of any Stock Option or Stock Appreciation Right to be exercised following a Participant's termination of employment for any reason on such terms and subject to such conditions as the Committee or its designee may determine for a period up to and including, but not beyond, the Award's original expiration or termination date.

ARTICLE VII RESTRICTED STOCK AND RESTRICTED STOCK UNITS

7.1 In General. The Committee may grant a Stock Award (including any associated dividend equivalent right or share unit equal in value to such Stock Award) to Associate Participants on such terms and conditions as the Committee may determine.

7.2 Terms and Conditions. The Committee will determine the types of Stock Awards made, the number of shares, share units, or dividend equivalent rights covered by such awards, and any other terms and conditions relating to the Stock Awards as it considers appropriate, including any vesting conditions necessary to comply with the laws of the State of Delaware. Notwithstanding the foregoing, no portion of a Stock Award may be scheduled to vest in less than one year from the date of grant, provided; however, that up to five percent (5%) of the shares available for award under Section 3.1 may be granted as Stock Awards that vest in whole in less than one year in connection with limited situations such as new hires, Retirement, and similar situations.

Annex A - 2018 Long-Term Incentive Plan

7.3 Restricted Stock Terms and Conditions. Restricted Stock will, at the Company's discretion, be represented (i) by a stock certificate registered in the name of the Associate Participant granted such Restricted Stock, or (ii) in any acceptable uncertificated form via book entry. Such Associate Participant will have the right to enjoy all shareholder rights during the any applicable restriction period except that:

- (a) The Participant will not be entitled to delivery of the stock certificate until the Restriction Period will have expired.
- (b) The Company may either issue shares subject to such restrictive legends and/or stop-transfer instructions as it considers appropriate or provide for retention of custody of the Common Stock during the Restriction Period.
- (c) Subject to Section 12.10, the Participant may not sell, transfer, pledge, exchange, hypothecate or otherwise dispose of the Common Stock during the Restriction Period.
- (d) A breach of the terms and conditions established by the Committee with respect to the Restricted Stock will cause a forfeiture of the Restricted Stock.
- (e) Subject to Section 8.8, dividends payable in cash or in shares of stock or otherwise shall be withheld by the Company for the Participant's account. At the discretion of the Committee, interest may be paid on the amount of cash dividends withheld, including cash dividends on stock dividends, at a rate and subject to such terms as determined by the Committee. However, any such interest, dividends, or dividend equivalent payment shall only be made on vested awards.

Provided, however, in lieu of the foregoing, the Committee may provide that no shares of Common Stock be issued until the Restriction Period is over and further provide that the shares of Common Stock issued after the Restriction Period has been completed, be issued in escrow and/or be legended and that the Common Stock be subject to restrictions including the forfeiture of all or a part of the shares.

7.4 Payment for Restricted Stock. A Participant will not be required to make any payment for Restricted Stock unless the Committee so requires.

7.5 Forfeiture Provisions. Subject to Section 6.5, in the event a Participant terminates Employment during a Restriction Period for the Participant's Restricted Stock or Restricted Stock Units, such Awards to the extent not otherwise vested will be forfeited; provided, however, that the Committee may provide for proration or full payout in the event of (a) death, (b) Disability, or (c) Retirement. Any Restricted Stock Unit that is not, in all cases, due and payable not later than the 15th day of the third month following the calendar year, or if later, the Company's fiscal year, in which the Restricted Stock Unit ceases to be subject to a "substantial risk of forfeiture" within the meaning Section 409A of the Code, will be designed to comply with the requirements of section 409A of the Code.

ARTICLE VIII PERFORMANCE AWARDS

8.1 In General. An Award granted under the Plan may be in the form of a Performance Award.

8.2 Establishment of Performance Goals. Performance Goals applicable to a Performance Award will be established by the Committee on or before the Date of Grant and not more than a reasonable period of time after the beginning of the relevant Performance Period. Such Performance Goals may include or be based upon any one or more Performance Measures.

Annex A - 2018 Long-Term Incentive Plan

Performance Goals may be based on the Company's consolidated results or the results of any segment or other subset of the Company's business, and may be calculated in accordance with generally accepted accounting principles or any other management accounting principle. The Committee, or its designee, may establish any special adjustments that will be applied in calculating whether the Performance Measure has been met including, but not limited to, taking into consideration the effect of any restructurings, discontinued operations, extraordinary items, unusual, infrequently occurring, or non-recurring events, accounting changes, divestitures, or acquisitions, changes in tax or accounting principles, foreign exchange gains and losses, a change in the fiscal year of the Company, or any event either not directly related to the operations of the Company or any Subsidiary, division, business segment or business unit or not within the reasonable control of management. At any time prior to distribution of a Performance Award, the Committee may modify the Performance Goals applicable to such Performance Award if it determines that unforeseen events have occurred which have had a substantial effect on the Performance Goals and such unforeseen events would otherwise make application of the original Performance Goals unfair.

- 8.3 Levels of Performance Required to Earn Performance Awards.** At or about the same time that Performance Goals are established for a Performance Period applicable to a Performance Award, the Committee will in its absolute discretion establish the percentage of the Performance Award granted for such Performance Period which will be earned by the Associate Participant for various levels of performance measured in relation to achievement of Performance Goal for such Performance Period.
- 8.4 Other Restrictions.** The Committee will determine any other terms and conditions applicable to any Performance Award, including any vesting conditions or restrictions on the delivery of Common Stock payable in connection with the Performance Award and restrictions that could result in the future forfeiture of all or part of any Common Stock earned. The Committee may provide that shares of Common Stock issued in connection with a Performance Award be held in escrow and/or legended. Unless otherwise provided in Determinations adopted by the Committee (i) a Performance Award, other than a restricted Equity Award, may not vest, or be deemed to be earned, in whole in less than three years from the date of grant (though portions of an individual award may vest or be deemed to be earned in equal annual installments over a period of not less than three years), and (ii) a Performance Award to be paid out as a restricted Equity Award may not have a vesting period of less than one year.
- 8.5 Notification to Associate Participants.** Promptly after the Committee has established or modified the Performance Goal with respect to a Performance Award, the Associate Participant will be provided with a written Award Notice that will include the terms of the Performance Award including the Performance Goal so established or modified.
- 8.6 Measurement of Performance Against Performance Goals.** The Committee will, as soon as practicable after the close of a Performance Period, determine:
- (a) the extent to which the Performance Goals for such Performance Period have been achieved; and
 - (b) the percentage of the Performance Awards earned as a result.

Notwithstanding the foregoing, if and to the extent the applicable Award Notice permits, the Committee may, in its sole discretion, reduce the percentage of any Performance Award otherwise determined for a Performance Period, and such reduced percentage will be the amount earned by the Associate Participant. All determinations of the Committee will be absolute and final as to the facts and conclusions therein made and are binding on all parties. As promptly as practicable after the

Annex A - 2018 Long-Term Incentive Plan

Committee has made the foregoing determination, each Associate Participant who has earned Performance Award will be notified thereof. For all purposes of this Plan, notice will be deemed to have been given the date action is taken by the Committee making the determination. Subject to Section 12.10, an Associate Participant may not sell, transfer, pledge, exchange, hypothecate or otherwise dispose of all or any portion of a Performance Awards during the Performance Period.

8.7 Treatment of Performance Awards Earned. Upon the Committee's determination that a percentage of any Performance Award has been earned for a Performance Period, Associate Participants to whom such earned Performance Award has been granted and who have been (or were) in the employ of the Company or a Subsidiary thereof continuously from the Date of Grant, will be entitled, subject to the other conditions of this Plan, to payment in accordance with the terms and conditions of their Performance Awards as set forth the Award Notice. Such terms and conditions may permit or require the payment of any applicable withholding taxes pursuant to Section 12.11. Subject to Section 8.9, Performance Awards will under no circumstances become earned or have any value whatsoever for any Associate Participant who is not in the employ of the Company or its Subsidiaries continuously during the entire Performance Period for which such Performance Award was granted.

8.8 Distribution. Distributions payable pursuant to Section 8.7 will be made, subject to Section 12.15, as soon as practicable after the Committee determines the Performance Goal has been achieved, but in no event more than 2½ months after the end of the fiscal year in which the Performance Period applicable to the Performance Award ends. Any dividend equivalents credited in connection with a Performance Award will be subject to the same restrictions and risk of forfeiture as the Performance Award to which the dividend equivalents relate.

8.9 Non-Disqualifying Termination of Employment. The only exceptions to the requirement of continuous Employment during a Performance Period for distribution of an amount earned under a Performance Award are termination of an Associate Participant's Employment by reason of death (in which event the Performance Award may be transferable by will or the laws of descent and distribution only to such Participant's Beneficiary designated to receive the Performance Award or to the Participant's applicable legal representatives, heirs or legatees), Disability, Retirement, involuntary termination of Employment other than for Cause (including an involuntary termination of Employment as a result of a unit closing, job restructuring, position elimination or reduction in force as determined by the Committee or its designee and as defined in the Company's then existing and effective Separation Pay Plan), a Change in Control and such other events as may be specified in Determinations adopted by the Committee. In such instance, a distribution of the Performance Award will be made pursuant to the terms of the Performance Award, as determined by the Committee or designee, and included in the Award Notice.

8.10 Cash Incentive Awards. Performance Awards granted by the Committee under this Article VIII may take the form of Cash Incentive Awards. Cash Incentive Awards may be granted by the Committee to Associate Participants on such terms and conditions as the Committee may determine, but in all instances in compliance with the requirements of this Article VIII and section 409A of the Code or any exemptions therefrom. A Participant may not be granted a Cash Incentive Award in any one calendar year the value of which exceeds the product of \$2,000,000 and the number of years in the applicable Performance Period.

**ARTICLE IX
CHANGE IN CONTROL**

9.1 Definitions. For purposes of this Article VIII the following definitions will apply:

- (a) **Change in Control.** “Change in Control” will, unless modified pursuant to Determinations adopted by the Committee, generally have the meaning specified in Section 409A of the Code, and any regulations and guidance promulgated thereunder and will, subject to any additional requirements of Treasury Regulation section 1.409A-(3)(i)(5)(v), mean:
 - (i) **Change of Ownership.** A Change of ownership occurs on the date that a person or persons acting as a group acquires ownership of stock of the Company that together with stock held by such person or group constitutes more than 50 percent of the total fair market value or total voting power of the stock of the Company.
 - (ii) **Change in Effective Control.** Notwithstanding whether the Company has undergone a change of ownership as described in Section 9.1(a)(i), a change of effective control occurs:
 - (A) when a person or persons acting as a group acquires within a 12-month period 30 percent or more of the total voting power of the stock of the Company, or
 - (B) a majority of the Board is replaced within a 12-month period by directors whose appointment or election is not approved by a majority of the members of the Board before such appointment or election.

A change in effective control also may occur in any transaction in which either of the two corporations involved in the transaction has a Change in Control event (i.e. multiple change in control events). For purposes of this Section 9.1(a)(ii), any acquisition by the Company of its own stock within a 12-month period, either through a transaction or series of transactions, that, immediately following such acquisition, results in the total voting power of a person or persons acting as a group to equal or exceed 30 percent of the total voting power of the stock of the Company will not constitute a change in effective control of the Company for purposes of this Section 9.1(a)(ii).

- (iii) **Change in Ownership of a Substantial Portion of the Company’s Assets.** Change in ownership of a substantial portion of the Company’s assets occurs when a person or persons acting as a group acquires assets that have a total gross fair market value equal to or more than 40 percent of the total gross fair market value of all assets of the Company immediately prior to the acquisition. A transfer of assets by the Company is not treated as a change in the ownership of such assets if the assets are transferred to -
 - (A) A shareholder of the Company (immediately before the asset transfer) in exchange for or with respect to its stock;
 - (B) An entity, 50 percent or more of the total value or voting power of which is owned, directly or indirectly, by the Company;
 - (C) A person, or more than one person acting as a group, that owns, directly or indirectly, 50 percent or more of the total value or voting power of all the outstanding stock of the Company; or
 - (D) An entity, at least 50 percent of the total value or voting power of which is owned, directly or indirectly, by a person described in paragraph (iii).

Annex A - 2018 Long-Term Incentive Plan

Persons will not be considered to be acting as a group solely because they purchase assets of the Company at the same time, or as a result of the same public offering. Persons will be considered to be acting as a group if they are owners of a corporation that enters into a merger, consolidation, purchase or acquisition of assets, or similar business transaction with the Company.

- (b) **Employment Termination.** “Employment Termination” will be deemed to have occurred when an Associate Participant has a separation from service:
- (i) within two years following the effective date of a Change in Control because of an Involuntary Separation from Service other than for Cause; or
 - (ii) where the basis for the Participant Associate’s Employment Termination is the occurrence of a Good Reason event described in Section 9.1(c), within two years of the initial existence of any condition that would constitute Good Reason and within two years following the effective date of a Change in Control.

An Employment Termination will not include a termination by reason of the Associate Participant’s death, Disability, Retirement termination of Employment other than a separation from service for Good Reason.

- (c) **Good Reason.** “Good Reason” means a condition resulting from any of the actions listed below taken by the Company or a Subsidiary, without the consent of the Associate Participant, directed at an Associate Participant:
- (i) a material decrease in the Participant’s salary or incentive compensation opportunity (the amount paid at target as a percentage of salary under the Management Incentive Compensation Program) as in effect immediately prior to the Change in Control, or
 - (ii) failure to pay the Participant a material portion of the Participant’s current base salary, or incentive compensation within seven days of its due date, or
 - (iii) a material adverse change in the Participant’s reporting responsibilities, duties, or authority as compared with pre-Change in Control responsibilities, duties, or authority, or
 - (iv) a material diminution in the authority, duties, or responsibilities of the supervisor to whom the Participant is required to report, including a requirement that a Participant report to a corporate officer or employee instead of reporting directly to the Board or the Board of the Corporation, as the case may be, or
 - (v) a material diminution in the budget over which the Participant retains authority as compared to the pre-Change in Control budget, or
 - (vi) the Service Recipient’s requiring the Participant to change the principal location at which the Participant must perform services to a location that is more than 50 miles from the location where the Participant performed such services immediately prior to the Change in Control, or
 - (vii) discontinuance of any material paid time off policy, fringe benefit, welfare benefit, incentive compensation, equity compensation, or retirement plan (without substantially equivalent compensating remuneration or a plan or policy providing substantially similar benefits) in which the Participant participates or any action that materially reduces such Participant’s benefits or payments under such plans, as in effect immediately before the Change in Control, provided, that in either case such discontinuance or other action results in a material decrease in the Participant’s overall compensation.

Annex A - 2018 Long-Term Incentive Plan

provided, however, that the Associate Participant must provide notice to the Corporation of the existence of any condition described above within 90 days of the initial existence of the condition, upon the notice of which the Corporation will have 30 days during which it or a Service Recipient may remedy the condition. Any separation from service as a result of a Good Reason condition must occur within two years of the initial existence of the condition and of the Change in Control in order for benefits to be due hereunder. A separation from service for Good Reason will be treated as an Involuntary Separation from Service for purposes of the Plan.

- (d) **Involuntary Separation from Service.** “Involuntary Separation from Service” means separation from service due to the independent exercise of the unilateral authority of the Company or a Subsidiary, as applicable, to terminate the Associate Participant’s services, other than due to the Associate Participant’s implicit or explicit request, where the Associate Participant was willing and able to continue performing services, within the meaning of Code Section 409A and Treasury Regulation section 1.409A-1(n)(1) or any successor thereto.

9.2 Effect on Awards. On an Employment Termination, an Associate Participant will have the right to exercise any and all Stock Options and Stock Appreciation Rights held by the Associate Participant, and all Stock Awards held by the Associate Participant that are not subject to Performance Goals will immediately vest and be deemed to have been earned and the achievement of any Performance Goal for which the applicable Performance Period has yet to be completed will determined on such terms and conditions as may be established by the Committee at the time of the grant or award and included in the Award Notice; provided, that, the duration of any exercise period following Employment Termination for a Stock Option or Stock Appreciation Right may not exceed the original exercise period; provided, further, that any vested Stock Awards that are Restricted Stock Units or vested Cash Incentive Awards, will be distributed no later than the deadline for distribution specified in Sections 7.5 and 8.8 above. The Committee may exercise discretion to terminate the Plan upon a Change in Control and distribute any or all Awards outstanding as of the effective date of the Change in Control within 12 months of the Change in Control event.

ARTICLE X NON-ASSOCIATE DIRECTOR PARTICIPANT AWARDS

10.1 General Provisions. Subject to the terms and conditions of this Article X, each Director who is designated by the Board as a Non-Associate Director Participant on the date of grant will automatically be awarded an annual Equity Award in an amount and in such form as the Board determines and pursuant to such terms, conditions, and restrictions as the Board determines (the “Annual Equity Award”); provided, however, that the maximum aggregate grant date fair value, determined based on the Fair Market Value of the Common Stock, of an Annual Equity Award granted to a Non-Associate Director Participant as compensation for services as a Non-Associate Director during any fiscal year of the Company may not exceed \$500,000. Such Annual Equity Awards will begin in May 2018 and continue through May 31, 2023, unless earlier terminated by the Board. The date of grant each Annual Equity Award will be the third full Trading Date following the later of: (i) the date on which the Annual Meeting of the Company’s stockholders, or any adjournment thereof, is held (“Annual Meeting”); and (ii) the date on which the Company’s earnings for the fiscal quarter immediately preceding such Annual Meeting date are released to the public. Also, Equity Awards in a pro rata amount of the Annual Equity Award for that year, based on the date of the Non-Associate Director’s election to the Board, will automatically be granted to each individual (other than a former Associate Participant) who is first elected a Non-Associate Director after May 25, 2018, on the third full Trading Date following the effective date of such election.

Annex A - 2018 Long-Term Incentive Plan

10.2 Non-Transferability. Subject to Section 12.10, a Non-Associate Director Participant may not transfer, sell, assign, pledge, or otherwise encumber or dispose of any shares of Common Stock received in connection with an Annual Equity Award prior to the time his or her service as a director expires or is terminated, other than by will or the laws of descent and distribution and any attempt to do so will be void. Notwithstanding the foregoing, a Non-Associate Director Participant may sell shares of Common Stock to cover applicable federal, state or local income taxes resulting from the vesting of such Common Stock.

10.3 Right to Tender, Exchange. Notwithstanding Section 10.2 above, a Non-Associate Director Participant (including for purposes of this paragraph a Non-Associate Director Participant's guardian or legal representative) will have, with respect to any shares covered by an Annual Equity Award and any shares already received pursuant to an Annual Equity Award under this Plan, the right to: (i) tender or exchange any such shares in the event of the consummation of (A) any tender offer or exchange within the meaning of Section 14(d) of the Exchange Act, or (B) any plan of merger approved by the Board, in each case that constitutes a Change in Control; and (ii) sell or exercise any option, right, warrant, or similar property derived from or attributable to such shares after such option, right, warrant, or similar property becomes transferable or exercisable. If any shares covered by an Annual Equity Award are tendered or exchanged or any option, right, warrant, or similar property attributable thereto is sold, exercised, or redeemed for value, the cash and/or property received will be delivered to the Company (or its successor) and held subject to the restrictions of the Plan as if it were the stock itself.

10.4 Non-Associate Director Participant's Termination. If a Non-Associate Director Participant's service as a director of the Company terminates on account of any act of: (i) fraud or intentional misrepresentation; or (ii) embezzlement, misappropriation, or conversion of assets or opportunities of the Company or any subsidiary of the Company, such termination will be considered a "Non-Qualifying Termination." All other terminations, including termination by reason of death, will be considered "Qualifying Terminations." In the event of a Non-Qualifying Termination, all outstanding restricted Equity Awards made pursuant to this Section will be forfeited or canceled, as the case may be.

10.5 Stock In Lieu of Cash. A Non-Associate Director Participant may also elect to receive Common Stock in lieu of the cash compensation payable for services rendered as a director, so long as such election is made in accordance with Section 16 of the Exchange Act and on such other terms and conditions as may be determined from time to time by the Board. Any such Common Stock issued to a Non-Associate Director Participant in lieu of cash compensation will automatically vest (become non-forfeitable and freely transferable) in the Non-Associate Director Participant on the date of issuance.

ARTICLE XI AMENDMENT AND TERMINATION

No Award may be made under the Plan after May 31, 2023. The Board may terminate the Plan or make such amendments as it deems advisable, including, but not limited to, any amendments to conform to or reflect any change in any law, regulation, or ruling applicable to an Award or the Plan, provided, however, that the Board may not, without approval by affirmative vote of the holders of a majority of the outstanding stock of the Company having general voting power: (i) take any action which will increase the aggregate number of shares of Common Stock which may be issued under the Plan (except for adjustments pursuant to Section 3.2 and Section 11.7 of the Plan); (ii) decrease the grant or exercise price of any Award to less than fair market value of its underlying Common Stock on the date of grant; (iii) change the individual award limits found in Section 3.3 or any other maximum

limit included in the Plan to comply with set forth in the Code; or (iv) change the separate limit for Incentive Stock Options set forth in Section 3.3; (v) change the class of Associate Participants eligible for Awards under Article V. Except as otherwise provided in or permitted by the Plan or by the terms, if any, of an Award under the Plan, no termination or amendment of the Plan or change in the terms of an outstanding Award may adversely affect the rights of the holder of any Award without the consent of the holder.

ARTICLE XII MISCELLANEOUS PROVISIONS

12.1 Interpretive Matters. Whenever required by the context, pronouns and any variation thereof will be deemed to refer to the masculine the feminine or neuter, and the singular will include the plural, and vice versa. The term “include” or “including” does not denote or imply any limitation. The headings and captions herein are provided for reference and convenience only, will not be considered a part of this Plan, and will not be employed in the interpretation of this Plan.

12.2 Unfunded Plan. The Plan will be unfunded and the Company will not be required to segregate any assets that may at any time be represented by Awards under the Plan. Neither the Company, its Subsidiaries, the Committee, nor the Board will be deemed to be a trustee of any amounts to be paid under the Plan nor will anything contained in the Plan or any action taken pursuant to its provisions create or be construed to create a fiduciary relationship between the Company and/or its Subsidiaries, and a Participant. To the extent any person has or acquires a right to receive a payment in connection with an Award under the Plan, this right will be no greater than the right of an unsecured general creditor of the Company.

12.3 No Right to Continued Employment. Neither the Plan nor any Award under the Plan will confer on a Participant any right with respect to continuation of the Participant’s employment with the Company or any Subsidiary nor will the Plan or an Award interfere in any way with the right of the Company or a Subsidiary to terminate the employment of any of its employees at any time.

12.4 No Effect on Retirement and Other Benefit Plans. Except as may otherwise be specifically stated under any employee benefit plan, policy, or program, no amount payable in respect of any Award will be treated as compensation for purposes of calculating a Participant’s right under any such plan, policy, or program. The Plan is not a “welfare plan” or “pension plan” under the Employee Retirement Income Security Act of 1974, as amended.

12.5 Stockholder Rights. A Participant (including for purposes of this Section, a Participant’s legatee, distributee, guardian, legal representative, or other third party, as the Committee may determine) will have no stockholder rights with respect to any shares of Common Stock subject to an Equity Award until such shares of Common Stock are issued to the Participant. Shares of Common Stock will be deemed issued on the date on which they are issued in the Participant’s (as this term is defined in the preceding sentence) name.

12.6 Indemnification. Each person who is or will have been a member of the Board or of the Committee and any designee of the Board or Committee will be indemnified and held harmless by the Company against and from any loss, cost, liability, or expense that may be imposed on or reasonably incurred by him in connection with or resulting from any claim, action, suit, or proceeding to which he may be made party or in which he may be involved by reason of any determination, interpretation, action taken or failure to act under the Plan and against and from any and all amounts paid by him in

Annex A - 2018 Long-Term Incentive Plan

settlement thereof, with the Company's approval, or paid by him in satisfaction of any judgment in any such action, suit or proceeding against him, provided he will give the Company an opportunity, at its own expense, to handle and defend the same before he undertakes to handle and defend it on his own behalf. The foregoing right of indemnification will not be exclusive and will be independent of any other rights of indemnification to which such persons may be entitled under the Company's Articles of Incorporation, By-laws, by contract, as a matter of law, or otherwise.

12.7 Adjustments in Capitalization. In the event of any change in the value or number of shares of Common Stock outstanding, or the assumption and conversion of outstanding Awards, by reason of any stock dividend, stock split, dividend or distribution, whether in cash, shares or other property (other than a normal cash dividend), recapitalization, reorganization, merger, consolidation, split-up, spin-off, combination or exchange of shares, the Committee or its designee will make changes to the Plan and Awards in an equitable and appropriate, manner including, but not limited to: (1) the exercise price under each unexercised Stock Option; (2) the exercise price under each unexercised Stock Appreciation Right; and (3) the number, type, character, and class of shares which may be issued on exercise of Stock Options and Stock Appreciation Rights granted and for Stock Awards, including restricted stock units, and any remaining shares reserved under the Plan. Any such adjustment with respect to each Stock Option or Stock Appreciation Right will be consistent with the requirements applicable to exempt stock rights under Treasury Regulations section 1.409A-1(b)(5) or its successor. Any adjustment with respect to Incentive Stock Options will also conform to the requirements of Section 422 of the Code. Any adjustment will also include the limits under the Plan established for purposes of section 162(m) of the Code and with respect to Awards of Incentive Stock Options,

12.8 Prohibition on Repricing. Except in connection with a corporate transaction involving the Company (including, without limitation, any stock dividend, distribution (whether in the form of cash, Common Shares, other securities or other property), stock split, extraordinary cash dividend, recapitalization, change in control, reorganization, merger, consolidation, split-up, spin-off, combination, repurchase or exchange of Common Shares or other securities, or similar transaction(s)), the Company may not (a) amend the terms of outstanding Stock Options or Stock Appreciation Rights to reduce the exercise price of such outstanding Stock Options or Stock Appreciation Rights; (b) cancel outstanding Stock Options or Stock Appreciation Rights in exchange for Stock Options or Stock Appreciation Rights with an exercise price that is less than the exercise price of the original Stock Options or Stock Appreciation Rights; (c) cancel outstanding Stock Options or Stock Appreciation Rights with an exercise price above the current stock price in exchange for cash or other Awards or securities; or (d) take any other action with respect to a Stock Option or Stock Appreciation Right that would be treated as a repricing under the rules and regulations of the principal national securities exchange on which the shares of Common Stock are listed without the prior approval of the Company's stockholders.

12.9 Compliance with Applicable Legal Requirements. Notwithstanding anything contained herein to the contrary, the Company will not be required to sell or issue shares of Common Stock in connection with any Award if the issuance thereof would constitute a violation by the Participant or the Company of any provisions of any law or regulation of any governmental authority or any national securities exchange or inter-dealer quotation system or other forum in which shares of Common Stock are quoted or traded (including without limitation Section 16 of the 1934 Act); and, as a condition of any sale or issuance of shares of Common Stock under an Award, the Committee may require such agreements or undertakings, if any, as the Committee may deem necessary or advisable to assure compliance with any such law or regulation. The Plan, the grant and exercise of Awards hereunder,

Annex A - 2018 Long-Term Incentive Plan

and the obligation of the Company to sell and deliver shares of Common Stock, will be subject to all applicable federal and state laws, rules and regulations and to such approvals by any government or regulatory agency as may be required.

12.10 Transferability. No unearned Stock Awards or vested or unvested Stock Options or Stock Appreciation Rights, and no shares of Common Stock that have not been issued or as to which any applicable restriction, performance or deferral period has not lapsed, may be sold, assigned, pledged, or transferred other than by will or the laws of descent and distribution and any attempt to do so will be void. No Stock Option or Stock Appreciation Right will be exercisable during an Associate Participant's lifetime except by the Associate Participant or the Associate Participant's guardian or legal representative. To the extent and under such terms and conditions as determined by the Committee, a Participant may assign or transfer an Award without consideration (i) to the Participant's spouse, children or grandchildren (including any adopted and step children or grandchildren), parents, grandparents or siblings, (ii) to a trust for the benefit of one or more of the Participant or the persons referred to in clause (i), (iii) to a partnership, limited liability company or corporation in which the Participant or the persons referred to in clause (i) are the only partners, members or shareholders or (iv) for charitable donations; provided that any such assignee shall be bound by and subject to all of the terms and conditions of the Plan and the Award Agreement relating to the transferred Award and shall, to the extent necessary, execute an agreement satisfactory to the Company evidencing such obligations; and provided further that such Participant shall remain bound by the terms and conditions of the Plan. The Company shall cooperate with any assignee and the Company's transfer agent in effectuating any transfer permitted under this Section.

12.11 Withholding Taxes. All distributions under the Plan will be subject to any required withholding taxes and other withholdings and, all tax withholdings will be governed by the Code and any applicable state laws and any rules and regulations adopted thereunder and, in the case of Participants who are subject to Section 16 of the Exchange Act, any restrictions set forth in Section 16 of the Exchange Act. In case of distributions in Common Stock, the Participant or other recipient may, as a condition precedent to the delivery of Common Stock, be required to pay to his/her participating employer the excess, if any, of the total withholding obligation with respect to any federal, state, and local tax obligations, including FICA and Medicare over the actual amount withheld, which will be limited to the minimum statutory withholding or such other rate that will not cause adverse accounting consequences and is permitted under applicable Internal Revenue Service withholding rules, if any, from any distributions under the Plan. All or a portion of such payment may, in the discretion of the Committee or its designee and upon the election of the Participant, be made (a) in cash, (b) by withholding from shares of Common Stock that would otherwise be delivered to the Participant a number of shares of Common Stock sufficient to satisfy all or a portion of the minimum statutory tax withholding obligation, (c) by tendering (either actually or by attestation) owned and unencumbered shares of Common Stock acceptable to the Committee and having a Fair Market Value on the date of tender equal to or less than the remaining required tax withholding. Notwithstanding the foregoing, in the event the Company adopts International Financial Reporting Standards, the minimum statutory withholding obligation, or such other rate that will not cause adverse accounting consequences and is permitted under applicable Internal Revenue Service withholding rules, will not be satisfied by withholding shares of Common Stock if permitting the satisfaction of the minimum statutory withholding obligation via the withholding of shares of Common Stock would result in unfavorable accounting treatment for the Company.

12.12 No Limitations on Compensation. Neither the adoption of the Plan by the Board nor the submission of the Plan to shareholders of the Company for approval will be construed as creating any limitations on the power or authority of the Board to adopt such other or additional incentive or other compensation arrangements of whatever nature as the Board may deem necessary or desirable or

Annex A - 2018 Long-Term Incentive Plan

preclude or limit the continuation of any other plan, practice or arrangement for the payment of compensation or fringe benefits to employees generally, or to any class or group of employees, which the Company or any Subsidiary now has lawfully put into effect, including, without limitation, any retirement, pension, savings, profit sharing or stock purchase plan, insurance, death and disability benefits, and executive short term incentive plans.

12.13 Code Section 83(b) Elections. Neither the Company nor any of its Subsidiaries have any responsibility for a Participant's election, attempt to elect or failure to elect to include the value of an Award subject to section 83 of the Code in the Participant's gross income for the year of grant pursuant to section 83(b) of the Code. Any Participant who makes an election pursuant to section 83(b) of the Code will promptly provide the Committee or its designee with a copy of the election form.

12.14 Section 409A of the Code. The Plan is intended to be administered in a manner consistent with the requirements of section 409A of the Code, where applicable. Where reasonably possible and practicable, the Plan will be administered in a manner to avoid the imposition on participants of immediate tax recognition and additional taxes under section 409A of the Code. Unless specifically provided for in an Award Notice, no Equity Award will provide any feature for the deferral of compensation as defined by Treasury Regulation section 1.409A-1(b). Any deferral will be for such period and in accordance with the terms and conditions as the Committee may determine and must be in compliance with section 409A of the Code. The terms and conditions applicable to such deferral and the terms and conditions evidencing compliance with section 409A of the Code will be set forth in the Award Notice. The method of payment for, and type and character of, any Award may not be altered by any deferral permitted under this Section unless specifically permitted under section 409A of the Code and the Treasury regulations thereunder. Notwithstanding the foregoing, neither the Company nor the Committee will have any liability to any person in the event section 409A of the Code is determined to apply to an Award in a manner that results in adverse tax consequences for the participant or any of his beneficiaries or transferees.

12.15 Effective Date. The Plan will become effective on May 25, 2018, subject to approval by the affirmative vote of a majority of the outstanding shares of Common Stock present by person or by proxy at the Company's 2018 Annual Meeting that are entitled to vote on a proposal to approve the adoption of the Plan.

12.16 Governing Law. To the extent that federal laws do not otherwise control, this Plan and all determinations made and actions taken under this Plan will be governed by the internal laws of the State of Delaware, without regard to Delaware's conflict-of-laws principles and will be construed accordingly.

12.17 Severability. The Company intends all provisions of the Plan to be enforced to the fullest extent permitted by law. If any provision of this Plan will be held to be illegal, invalid, or unenforceable for any reason, under present or future law, the illegal, invalid, or unenforceable provision will be fully severable and severed, and will not affect the remaining parts of the Plan, and the Plan will be construed and enforced as if the illegal, invalid, or unenforceable provision had not been included in the Plan, and the remaining provisions of the Plan will remain in full force and effect and will not be affected by the illegal, invalid or unenforceable provision or by its severance.

12.18 Compensation Recoupment Policy. Awards may be made subject to any compensation recoupment policy adopted by the Board or the Committee at any time prior to or after the effective date of the Plan, and as such policy may be amended from time to time after its adoption. The

Annex A - 2018 Long-Term Incentive Plan

compensation recoupment policy will be applied to any Award that constitutes the deferral of compensation subject to section 409A of the Code in a manner that complies with the requirements of section 409A of the Code.

12.19 No Issuance of Certificates. Notwithstanding any provisions of the Plan to the contrary, to the extent the Plan provides for issuance of stock certificates to reflect the issuance of shares of Common Stock in connection with an Award, the issuance may be effected on a non-certificate basis, to the extent not prohibited by applicable law or the applicable rules of any stock exchange on which the Common Stock is traded.
